CDD Orientation

Please join us each Thursday at 10:00am at the District office located at 984 Old Mill Run to learn about how the Districts operate and other important community information. For additional information, please contact us at (352) 753-4508.

The following facilities will be closed or have scheduled maintenance on the dates noted this week:

⇒ **Buffalo Glen Softball Complex**

The Buffalo Glen Softball Complex is now closing one field after the completion of scheduled games for maintenance and upkeep. Three fields will remain open and be available for open practice during this afternoon closure.

⇒ **Mulberry Grove Shuffleboard Courts**

The Mulberry Grove Shuffleboard Courts will be closed for resurfacing Thursday, February 4th through Friday, February 5th.

Villa Road Resurfacing

Resurfacing will be taking place on many of the villa roads in Districts 5 & 6. A tentative work schedule can be found below. This schedule may be adjusted due to unforeseen circumstances, including weather. Each home impacted by this work will be notified exactly when the work is scheduled to take place in their area along with specific safety instructions. Please use caution and follow all directional signage and workers.

Alexa & Audrey – March 7 – 11, 2016

Cherry Vale & Heritage – March 14 – 18, 2016

Clayton & Swainwood – March 28—April 1, 2016

Bellamy & Jasper – March 21—25, 2016

Chesterfield & Mount Vernon – February 22 - 29, 2016

Eagle Ridge – February 22 - 29, 2016

Tunnel Closure

Tunnel B5 located under El Camino Real near the Savannah Center is closed for stucco replacement and maintenance until February 22, 2016. This schedule may be adjusted due to unforeseen circumstances, including weather. Please use caution and pay attention to all directional and detour signage. For additional information, please contact District Property Management at (352) 753-4022.

County Road 468 Bridge Construction – Turnpike Traffic Detour Information

NB Detour Dates: February 8– 9, 2016 NB Detour Hours: 10:00 PM – 6:00 AM

NB Detour: February 8-9, 2016
Hours: 10:00 PM – 6:00 AM

NB Traffic along the Florida Turnpike Enterprise will be detoured 2/8 – 2/9. Southbound Turnpike Traffic to Remain open. Traffic heading North along the Turnpike will be detoured at MP 298 CR-470 exit along the below routes:

Northbound Turnpike Detour:

1. Exit Turnpike at Mile post 298 – (CR-470)
2. Follow Detour along 470 W to 48
3. Cont. along 48 to 27-N
4. Cont. along 27- N to 44 Westbound
5. Left on South Main St.
6. End Detour

Local Traffic Detours:

1. Exit Turnpike at Mile Post 298 –(CR-470)
2. Follow Local Traffic Detour along E CR-470
3. Turn right heading North along CR-501
4. Turn right onto CR-468
5. Cont. along CR-468 to 44- Westbound.

County Road 468 Bridge Construction – Turnpike Traffic Detour Information

SB Detour Dates: February 10–11, 2016 SB Detour Hours: 10:00 PM – 6:00 AM

Customer Service

Gate Access Card Replacement

Lost, stolen or damaged gate access cards can be replaced at the Customer Service Center located at 984 Old Mill Run in Lake Sumter Landing. If you need to replace any of your gate cards or purchase additional cards, please bring all of your current cards with you as they are issued in sets. For additional information on gate access cards, please contact the Customer Service Center at (352) 753-4508.

Golf Cart Safety

When travelling the community on a golf cart, please make sure you pay attention to all signage indicating where golf carts can and cannot travel. Certain roadways have signs indicating that golf carts cannot travel past a certain point or on the road at all. Following these and other directional signs in the community ensure the safety of everyone travelling on the roadways and multi-modal paths throughout The Villages. For additional information on golf cart safety, please visit www.DistrictGov.org.

It Takes a Village!

In a community spanning over 40 square miles, District staff works diligently to ensure we are meeting your expectations in keeping our community beautiful. As residents of The Villages, please assist us by notifying us if you see anything needing attention. Whether it's landscaping that needs trimming or trash at a postal facility, please contact the Customer Service Center at (352) 753-4508 if you see something we may have missed. You can also contact us 24-hours per day on our website. Just click on the link titled, '*Questions? Comments? Contact Us!*' and we will address your comments or concerns as soon as possible. With over 100,000 residents and just over 1,000 District staff members, we can work together to maintain this beautiful community we all love!

A Message From...

Community Watch currently monitors 93 gated complexes throughout the community. Our gates serve three very important functions:

- 1) Traffic control
- 2) Security
- 3) Customer service

Our gates areas are very busy with approximately 145,000 vehicles/golf carts passing through every day. Additionally, almost all of the gate complexes have a multi-modal path in front or behind the gates causing even more safety concerns.

Helpful tips to make your experience using the gate a pleasant one:

- ⇒ Only one vehicle at a time should pass through the gates. A second vehicle trying to pass through without using a gate pass card or pressing the entry button could be damaged by the descending gate.
- ⇒ When passing through any gate, always stop first, then proceed carefully and watch for cross traffic of all kinds – pedestrians, cyclists and golf carts.
- ⇒ When passing through an inoperative gate, please look for traffic cones or barricades with stop signs affixed. Please STOP at the stop sign, this is the law. After coming to a complete stop, you may proceed cautiously through the gate, looking for cross traffic – pedestrians, cyclists and golf carts.

If you come upon a gate that is not functioning correctly, please notify Community Watch (352-753-0550) so that repairs can be scheduled as quickly as possible.

Recreation

Senior Games 2016 - Friday, March 11,
2016 – Tuesday, March 15, 2016

The Villages Senior Games continue to grow and provide fun, fellowship, fitness and competition for all Villages residents. The focus of The Villages Senior Games is not wining, but participating. The Villages Senior Games is dedicated to:

- Encouraging and promoting healthy lifestyles for Villages residents.
- Providing Villages residents with the opportunity to compete at the local, state and national levels.
- Providing Villages residents with an affordable and quality multi-sport festival they can call their own Games.

Registration is open! Bring or mail your registration form and payment to La Hacienda Regional Recreation Center before the deadline of February 24th. New this year – Athlete’s Hours that will feature music, beverages and appetizers. Tickets will be provided to all athletes upon check in at your event(s). Additional tickets will be available for purchase for your guests. For detailed information, please visit www.DistrictGov.org.

Billiards Recovering

The recreation department works closely with District Property Management to ensure work performed meets our standards. Replacement/repair of equipment is consistent with established standards at all facilities. There are detailed service specifications and a service work checklist required when maintaining the tables. Services include, but are not limited to full inspection of rails, cloth and feather strips, recovering and leveling of tables.

Silver Lake billiards tables recovering occurred in late January 2016. The next tables will be at La Hacienda Recreation Center from March 2nd – 4th, 2016, followed by:

April	May	June	July	August
Chula	Truman	Coconut Cove	Hibiscus	Captiva
Manatee	Odell	Churchill	Allamanda	Chatham

The Villages Executive Golf Trail

Punxsutawney Phil, the world's most beloved and seasonal groundhog, is on his way lets hope he doesn't see his shadow and proclaim six more weeks of winter.

It is hard to believe we are in our second month of the 2016 golf season. Going into February we want to keep the momentum on every course on the right track with our over seeding and playing conditions for the residents. We have had incredible fluctuations in weather and temperatures which has challenged our maintenance contractors to continually supply quality playing conditions to date. They have completed this task with the utmost professionalism.

We encourage all of you enjoying the facilities to assist us in our endeavors in maintenance by practicing proper "Golf Etiquette" and playing "Ready Golf" so everyone that plays has the best golf experience possible.

Player cooperation in these two areas will greatly impact not only maintenance goals, but enhance overall customer experience for your fellow resident golfers. By repairing your ball marks, raking bunkers, keeping reasonable accommodation passes 15 feet from putting & tee surfaces, filling your divots and playing from the tees that commensurate with your ability, you will positively impact our courses. When performing some of these small tasks, each player makes a positive difference impacting everyone's enjoyment.

During frost delays, remaining off of the playing surfaces is extremely important. Please be patient and wait for your starters to give the all clear before proceeding onto turf surfaces.

TURF TIP:

Frost Delay and turf.

This is caused by micro climates at leaf level falling around 32 degrees.

These cold temperatures are enough to cause cell walls in plant tissue to become brittle and break. This kills the leaf by disturbing the natural flow of nutrients and photosynthesis process.

Frost Delays are used to stop traffic from breaking plant leaves until thawing can occur.

Del Mar Drive Road Closure

Del Mar Drive just south of Rio Grande Avenue will be temporarily closed on **Thursday, February 4, 2016** for approximately six (6) hours. A copy of the detour is below for your reference. The beginning and ending times for the detour are tentative and will not be determined until the day of the closure. For your safety and the safety of the workers, please follow the posted MOT Detour Signs. This project, contracted by Murphy Pipeline, is for needed upgrades on the Effluent Main. The construction will be within utility easements and will not infringe on any residential property. Residential potable water, residential irrigation, and fire protection will not be affected in any way.

If you have any questions or concerns, please contact Customer Service at 352-753-4508.

What's Happening in Your District...

Town Hall Meetings

Two Village Community Development Districts will be hosting Town Hall meetings . The Town Hall meetings provide residents an opportunity to learn interesting facts about the District and ask questions of the District Supervisors. The meetings are open to the public and will be conducted in accordance with provisions of Florida Law for Community Development Districts.

**March 31, 2016 at 6:00
p.m. at La Hacienda
Recreation Center**

**February 18, 2016 at 6:00
p.m. at Laurel Manor
Recreation Center**

VHA North and South Region Presentations

Janet Y. Tutt, District Manager for the Village Community Development Districts, will be presenting at two VHA meetings in February on the topic of: "Where Does Our Money Go?" Some of the topics that will be covered include a detailed review of your monthly Amenity Fee and annual Maintenance Assessment. While each presentation is tailored to the area that Village residents reside in, all residents are invited to attend.

VHA South Region:

February 11, 2016

Rohan Regional Recreation Center

6:00 p.m. – 8:00 p.m.

VHA North Region:

February 16, 2016

Savannah Regional Recreation Center

6:00 p.m. – 8:00 p.m.

Did You Know??

At the February 1, 2016 meeting, the Project Wide Advisory Committee (PWAC) discussed and recommended approval of Kimley-Horn and Associate's (KHA) Individual Project Order (IPO) No. 22 to conduct an analysis of the slope stability for the embankment along the Morse Boulevard Bridge across Lake Sumter. The proposed analysis is specific to the structure of the embankment.

The scope of the IPO provides for an initial review and conference, data collection and a preliminary analysis by completing the following tasks:

- Review of prior reports, studies and construction plans related to roadwork and earthwork improvements to the area.

- Site visits to observe the existing conditions and identify areas for geotechnical testing.

- Review of historical aerial photography and changes in waterline.

- Identify and subcontract with a registered land surveyor to obtain cross sections of the shore line.

- Identify and subcontract with a registered geotechnical engineering firm to obtain field samples of the existing embankment and conduct laboratory analysis to determine the slope stability design parameters. A map of the areas where samples will be taken has been included.

The IPO 22 is a result of an apparent slope failure on the eastern side of Morse Boulevard on the island embankment. It is believed that during the heavy rains in July 2013, the embankment became saturated and failed/slid into the lake. Since that time, fill material was hauled and placed onto the damaged embankment to return the grades back to a condition similar to the condition before the failure; however, there appears to have been no further deterioration since that time.

Following completion of the tasks outlined, the preliminary analysis to be provided by KHA will include a written report summarizing their findings, two alternative conceptual designs if the findings recommend structural armament of the slope area, and any costs associated with the recommendations.

Utility billing department soon will be able to offer e-bills to customers

By **SARAH KOSER**

DISTRICT FINANCE DEPARTMENT

It is always exciting to welcome in a new year, full of hope for new and exciting experiences and attempting to make lifestyle changes. Since I never have been able to keep even one New Year's resolution past the first week, I have given up on making them, at least formally.

What I hope and wish for everyone in 2016 is a year filled with peace, harmony and most of all, good health. We all tend to burn the candle at both ends and sometimes even in the middle, especially with all of the opportunities here in The Villages. But sometimes we just need to slow down a bit and take life at an easier pace.

That easier pace will have to take a back seat right now for our Finance Department staff. We are in full swing, finishing up the last fiscal year, which ended Sept. 30. We have closed all of the books and the auditors are here making their lists and checking them twice. They will be finding out if we were naughty or nice! The answer will be nice, I'm sure.

The result of all of this work is the annual financial statements. This report for each district demonstrates the results of operations, how much money was received and how and where it was spent. A great deal of work goes into each report and we are always pleased when the process is complete and the finished product is made public.

That happens during the February board meetings. A representative from the external audit firm attends the meetings to present the audited financial statements to the

Board of Supervisors for each district. Once that happens, the documents are made public and are posted on the District website at districtgov.org.

While all of this work is happening on the Accounting side of the Finance Department, the Utility Billing and Customer Service side is working toward implementing new software. During its November meeting, the Village Center Community Development District Board approved the purchase of new software for the Utility Billing and Customer Service area; however, the software will benefit residents who receive services from all four utilities in The Villages.

This new software will enhance the process by giving residents the option to receive an e-bill instead of a paper bill. This is one of the most requested services that our staff hears regarding residents' monthly bills.

The new software also will provide our residents with the ability to look up their account on the District website and see their usage, prior bills, account information, etc. Along with these enhancements comes a more user-friendly system for our staff, which will enhance their ability to better serve our residents.

We are in the beginning stages of implementation and our current timeline anticipates the software will "go live" during the summer. So stay tuned for more information about this exciting new project in the Utility Billing area.

Both of these projects are occurring while all of the regular, day-to-day activities of the Finance Department continue. Did you know that our Utility Billing staff processes an

average 56,000 bills per month? This bill includes amenity, utility, trash and RV fees, all in one statement.

Did you know that our Accounts Payable staff processes on average 1,250 checks per month for all of the 15 districts? These checks pay the vendors that provide services such as landscaping, mowing, facility maintenance and many more.

Did you know that there are approximately 270 full-time and 780 part-time employees paid by the Village Center District every two weeks? We have one staff member in the Finance Department who processes the payroll for these employees, with the actual check processing being handled by a third-party provider.

Did you know that the Finance Department manages approximately \$273 million in deposits and investments for the 15 districts combined? We have one staff member who works with an outside investment advisory firm to make sure that the districts get the best return on their funds while utilizing what governments call the "SLY" Principle. This principle says that we will use the principles of safety, liquidity and yield, in that order, when investing public funds. So the most important aspect is always looking to safely invest the funds in order to minimize loss of principal.

The above are just some of the duties performed by our dedicated staff in the Finance Department. If you would like to learn more about the duties we perform for citizens, a good place to start is the Resident Academy.

See KOSER, page 28

It is held over two days (four hours per day) and the goal is to provide an in-depth look at the various District

departments and how they work together to make this the best community in which to live, work and play. To attend, register with the Customer Service Center at 753-4508 or stop by the office, located at 984 Old Mill Run.

I wish you all the happiest and healthiest of new years and let's add safe, too. If one of your resolutions is to be more active in 2016, please stay safe by making sure drivers can see you at night by wearing light colors or reflective

clothing when walking or biking the multimodal paths and roadways.

So until next time, stay safe, happy and healthy, and meet us back here soon at Our Place.

Sarah Koser is the interim finance director for the Villages Community Development Districts. She can be reached at sarah.koser@districtgov.org.

Information Provided by Sumter County Sheriff's Office

We are approaching the time of year when our agency sees a spike in residential burglaries committed by nomadic criminals. These groups of people commonly referred to as "Gypsies" travel in groups throughout the state of Florida as well as other states along the east coast and prey on unsuspecting residents.

It is imperative that each resident does their part to stay vigilant and mindful of not only their own property, but that of the residences around them. The Sumter County Sheriff's Office asks our residents in The Villages to keep an eye out for unfamiliar subjects walking in their neighborhood. They have been known to walk up to residences, between them and/or behind them. In past years, female criminals have advised inquiring residents they were looking for a dog and the females had thick accents. A newer-style vehicle, usually a rental, is often nearby. It is used to drop off the subjects who ultimately commit the burglaries and then picks them back up after the crime has been committed.

Past accounts of males and females observed walking through residences have been that they are of Hispanic descent due to their medium skin tone, dark-colored hair, and dark-colored eyes. Nomadic criminals are not Hispanic. To the contrary, they are of European descent, but are often mislabeled by witnesses as being Hispanic. They usually have thick Russian or Polish accents and are based near the Chicago, Illinois area.

The most common items that have been stolen from Villages residents in the past have been valuable jewelry and silver housewares. Nomadic Criminals typically have not been interested in firearms and electronics. The master bedroom is often the target area. It is believed the items are being brought back to the Chicago area to be sold on the underground market.

Our agency reminds you to lock your residence's doors and windows when you are not home to limit the temptation of criminals. However, nomadic criminals have been known to forcibly enter a residence through either the rear sliding glass door when it is found to be locked. Do not leave valuable jewelry lying unsecured in your residence where it is easily accessible to anyone looking for it in a hurry. Maintain all serial numbers of expensive watches as well. If someone approaches you and says they are looking for a dog, they could in fact be distracting you from what is occurring at the rear of your residence or at your neighbor's residence. Past burglaries have occurred in short windows of the homeowner not being home. Some victims only reported being gone for 30 minutes. Be careful of indicating on social media of you not being home.

We are taking numerous proactive steps to track and deter these criminals from impeding on your lifestyle and invading your privacy, but we can be immensely more effective if you do your part too. Please call **911** immediately upon observing any of the above-described individuals or if your residence has been burglarized. Time is of the essence and waiting to call could mean letting the criminals get away and preying on fellow residents. Do not touch anything in your residence if it has been burglarized and exit the same way you entered. Cleaning up will compromise the scene and inhibit a thorough investigation. You can also reach the Sumter County Sheriff's Office non-emergency hotline at 352-793-2621 or 352-728-6909.

Sheriff

(352) 569-1600

WILLIAM O. "BILL" FARMER, JR. – SUMTER COUNTY

MEMBER, FLORIDA SHERIFFS ASSOCIATION
1010 NORTH MAIN STREET
BUSHNELL, FLORIDA 33513

Tips to help secure your home.

1. Look around when leaving your home. A burglar may be watching your neighborhood waiting for people to leave.
2. If you see a suspicious person or vehicle call the Sheriff's Office and make note of the tag on the vehicle if possible. A description of the people and vehicles will be helpful when investigating.
3. If only one person leaves the home and shortly afterwards someone you do not know knocks on your door, call the Sheriff's office and report a suspicious person right away. The reason to make this call is that it could be the burglar checking to see if anyone is home prior to breaking in.

What to do when you find that your house has been burglarized.

1. Upon learning that your house has been broken into, exit the residence the same way you entered and call the Sheriff's Office and wait for a deputy to arrive.
2. Someone may still be in your house, exiting your house is safer for you and better for the deputy that will be looking for evidence.
3. Do not touch anything or walk around the residence leave everything as you found it. There is evidence everywhere that could lead to the capture of the suspect. When you walk around the residence you are covering up their possible shoe prints on your floors. When you touch the items in your house you are covering, smudging and ruining possible fingerprints that could be discovered by the deputy.
4. During the investigation remain outside as not to contaminate the residence and lose any evidence that might be found by the responding Crime Scene Deputy.
5. Be patient during the investigation. It takes time for the Crime Scene deputy to respond. It takes time for the responding Deputy to complete his paperwork and a thorough investigation.

We know that it can be hot during the summer and cold during the winter and once a Crime Scene Deputy responds and begins processing the residence, they make sure that an inside room is completed so you can return inside to one room while they complete their investigation.

To recap:

1. Exit your house and call the Sheriff's Office.
2. Do not touch anything or walk around your house.
3. Remain outside during the investigation
4. Be patient.

In an Emergency dial **911**, if there is not an emergency call the non-emergency number to report the burglary at 352-569-2621

"An Accredited Agency"

www.sumtercountysheriff.org

Information Provided by Sumter County Sheriff's Office

OPERATION **MEDICINE CABINET**

The Sumter County Sheriff's Office, in partnership with The Village Fire Rescue will be sponsoring Operation Medicine Cabinet. This will give Sumter County residents a chance to dispose of unused or expired prescriptions.

The event will be held on Saturday March 5th, 2016 at The Villages Winn Dixie Supermarket at 820 Old Camp Rd, The Villages, 32162.

Deputies and Firefighters will be on hand to retrieve the discarded medicines from 9am to 2pm.

Proper disposal prevents the medicine from being stolen or abused. Thrown into the garbage, pharmaceuticals can wind up leeching into the environment. Flushed down a toilet the medicines can contaminate groundwater supply. Disposing of unused or expired medicine will also keep children and grandchildren from getting into the prescriptions.

Operation Medicine Cabinet provides a safe way of destroying pharmaceuticals through incineration, to avoid polluting the environment. Help us keep medications from getting into the wrong hands or our water supply.

Information Provided by The Villages Home Owners Association

The Villages Home Owners Association

Presents a **“FREE”**

Information Provided by Sumter County

Sumter County Public Works
Household Electronics & Hazardous Waste

MOBILE COLLECTION

Saturday, April 2, 2016

9 a.m. to 3 p.m.

located at

Lake Okahumpka Park

6085 E. SR 44, Wildwood 34785

What to bring

- 
- Automotive fluids
 - Automotive batteries
 - Cleaners
 - Fertilizers
 - Fluorescent lamps and Mercury containing devices
 - Fungicides
 - Wood preservatives
 - Herbicides
 - Household batteries - rechargeable
 - Household electronics (TVs, VCRs, computers, etc.)
 - Latex & oil based paints
 - Paint removers
 - Paint thinners
 - Pesticides
 - Pool chemicals
 - Smoke detectors
 - Solvents
 - Propane tanks (25lbs)

What not to bring

- Biological/Infectious waste
- Explosives
- Radioactive waste
- Empty paint cans

HOW TO PACKAGE AND TRANSPORT CHEMICALS

- (1) Do NOT mix chemicals together.
- (2) Keep products in original labeled containers if possible.
- (3) Place containers into cardboard boxes to prevent breakage.
- (4) Place leaky container in clear plastic bag and transport in box with newspaper.
- (5) Put boxes in trunk or in back of vehicle away from passengers.

Businesses may arrange for drop off and payment by calling Perma-Fix for hazardous waste at 800-365-6066 and A1 Assets at 407-339-7030 for electronic waste.

For more information on this and other mobile collections, contact Sumter County Public Works at 352-569-6700.
