CDD Orientation

Please join us each Thursday at 10:00am at the District office located at 984 Old Mill Run to learn about how the Districts operate and other important community information. For additional information, please contact us at (352) 753-4508.

The following areas will be closed or have scheduled maintenance:

⇒ **Rio Grande Lawn Bowling / Croquet Court**

The Rio Grande Lawn Bowling / Croquet Court will be closed July 24th—July 29th for greens maintenance.

⇒ **Brinson Perry Dog Park**

The small dog side of the Brinson Perry Dog Park will be closed for maintenance Wednesday, July 19th to Friday, July 21st.

⇒ **Laurel Manor Sports Pool**

The Laurel Manor Sports Pool is scheduled to be closed July 26th—July 28th.

⇒ **Lake Miona Recreation Center**

The Lake Miona Recreation Center will be closed for quarterly maintenance Sunday, July 30th.

To ensure adequate capacity of the storm water management system throughout the community, the District will be lowering certain water retention areas that are above recommended levels. The water level is being lowered to ensure there is sufficient capacity in the water retention area to capture water run-off from streets, yards and golf courses in preparation of future rain events. To lower the water level in water retention basins, irrigation systems will run along common areas and roadways throughout the community. This is currently occurring along El Camino Real. The water being utilized through the irrigation system is storm-water resulting from rain events. If you have any questions, please contact District Property Management at (352) 753-4022.

2017 MILL AND OVERLAY SCHEDULE
UPDATED 6/19/2017

The District Property Management Department is coordinating with Rainey Construction to mill and overlay several roadway areas.

The District will deliver notices to each home that will be impacted by the work approximately 7-10 days in advance, in addition to placing informational signs at the entry and exit of each villa which will include the anticipated start and end date of the project.

The timeline may be adjusted due to unforeseen circumstances, including weather. If the timeline is adjusted, the informational signs at the villa entry and exits will be updated.

The District thanks you in advance for your cooperation to ensure this is a successful project, and encourages you to adhere to the instructions that you will receive in the future.

Executive Golf

The Executive Golf Team is taking advantage this summer to complete renovation projects to ensure the infrastructure on the executive golf courses continue to be maintained in perpetuity.

One ongoing project this summer is located on the Belvedere Executive Golf Course. Greens renovations are occurring on #2 Belmont, #9 Churchill and #9 Pimlico. The project began in June and is taking place to eradicate an invasive type of grass contamination called Paspalum. The greens have been shelled out, new sand mix is installed and the desired TifDwarf Bermuda grass is scheduled to be installed this week.

If you have any additional questions, concerns or would like additional updates on courses, please contact the Executive Golf Office at 352-753-3396.

Hill Top Closure

Due to extensive work to reroute the irrigation mainline pipe from the current position near the Paradise Fire Station, the Hill Top Executive Golf Course is currently closed. This closure is to ensure the playing surfaces are protected with the reduced watering capabilities of the superintendent. As soon as the pipe is completed, the course will reopen for normal operations and play.

Just a Reminder

Due to the lack of rain fall, Southwest Florida Water Management District (SWFWMD), the state water management agency for our area, declared a Phase III Water Shortage effective June 5, 2017. The declaration includes all of The Villages in Marion County, Sumter County, and District 11 (Villages of Fruitland Park) in Lake County along with numerous other counties in SWFWMD.

Under the new water shortage order, lawn watering is reduced to once-per-week and allowable watering hours are reduced to before 8 am or after 6 pm. Irrigation schedule information can be found in the Fact Sheet on the following page. Micro-irrigation and hand watering of non-lawn areas are still allowed any day, if needed. The restrictions will remain in effect through at least August 1, 2017. Additional details regarding the watering of new lawns and plants, reclaimed water and other water uses can be found at WaterMatters.org/restrictions.

SWFWMD considers both natural water resource conditions and the viability of public supply when deciding to declare a water shortage order. For the past 20 years, SWFWMD has worked diligently with its partners to develop alternative water supplies. Even though the region is experiencing drought conditions, there is adequate public water supply available.

The approved rate structures for the Village Center Service Area (VCSA), Little Sumter Service Area (LSSA), the North Sumter County Utility Dependent District (NSCUDD), Sumter Water Conservation Authority (SWCA), and Fenney Water Conservation Authority (FWCA) include an Environmental Protection Rate Surcharge in the event a water shortage is declared by SWFWMD. In accordance with the rate structure, a 10% surcharge will be added to water usage beginning June 5, 2017 as a result of SWFWMD's declaration of a Phase III Water Shortage. The incorporation of these rates promotes water conservation in the event of a water shortage, and they were also critical during the development and approval of the rate schedules and water use permits with SWFWMD.

SMART MANAGEMENT OF WATER RESOURCES IN FLORIDA'S FRIENDLIEST HOMETOWN

FACT SHEET
SWFWMD MODIFIED PHASE 3 WATER SHORTAGE ORDER

The Southwest Florida Water Management District's Governing Board issued a Modified Phase III Water Shortage Order scheduled to begin on June 5, 2017. The order restricts residential and commercial irrigation of lawns and landscaping to one-day-per-week along with other restrictions described herein.

Residential and general commercial customers in The Villages do not receive reclaimed water. Non-potable irrigation water is not exempt from the restrictions, therefore the restrictions are applicable to The Villages in:

- Sumter County, Districts 1, 2, 3, 5, 6, 7, 8, 9, 10, and 12
- Marion County, District 4
- Lake County, District 11

The following is a summary of the restrictions.

- Residential and commercial lawn and landscape irrigation may only occur before 8 a.m. or after 6 p.m. on the designated once-per-week watering schedule.
- Handwatering or microirrigation of plants (other than lawns) can be done any day at any time, if needed.
- Certain exemptions are available, such as allowances for new plant material. Refer to www.watermatters.org/restrictions.
- Car washing is limited to once per week on the designated watering days as shown below.
- Commercial car washes may operate on any day.
- Fountains and other aesthetic-only water features may only operate 8 hours per day.
- Pressure washing is allowed once per year and for necessary purposes, such as prior to painting or sealing, to address a health or safety hazard, or to comply with health laws. Aesthetic concerns do not constitute a "necessary" purpose.

Addresses with "house numbers"	May only irrigate on ...
Ending in 0 or 1	Monday
Ending in 2 or 3	Tuesday
Ending in 4 or 5	Wednesday
Ending in 6 or 7	Thursday
Ending in 8 or 9	Friday

All commercial and residential customers must modify their irrigation timer to only irrigate once per week in accordance with the above table.

Deed restrictions and community standards enforcement must suspend any requirement to replace lawns, pressure wash, or engage in other activity which increases water use during this water shortage declaration.

For complete details or to ask questions about these restrictions, visit the Southwest Florida Water Management District's website (www.WaterMatters.org) or call 1-800-848-0499.

In the Event of an Emergency

In the event of an emergency, please call 9-1-1 to obtain immediate law enforcement, medical or fire assistance. Suspicious persons or activity should be reported immediately. If you believe a crime is in progress or is about to take place please call 9-1-1 right away. If you're not sure the suspicious persons are committing a crime, you should still contact law enforcement by calling 9-1-1 or by using one of the non-emergency numbers listed below.

Community Watch is a non-emergency service whose primary function is to observe and report. The Community Watch Dispatch Center is available 24 hours a day and provides services such as removing roadway debris, traffic control and citizen resource assistance.

Duke Energy has received an influx of calls from our Florida business customers today regarding a potential scam. We wanted to reach out quickly to alert you. Customers who suspect or experience fraud or who feel threatened during contact with one of these thieves should contact local authorities and then the Duke Energy phone number listed on their bill (800.700.8744). Never dial the phone number the scammers provide.

For both residential and business customers, it's important to remember that Duke Energy never asks or requires a customer with a delinquent account to purchase a prepaid debit card – or iTunes card – to avoid disconnection. Customers can make payments online, by phone, automatic bank draft, mail or in person. Customers with delinquent accounts receive advance disconnection notification with the regular monthly billing – never a single notification one hour before disconnection.

Red flags for scam activity

- The caller becomes angry and tells the customer his or her account is past due and service will be disconnected if a large payment isn't made – usually within the hour.
- The caller instructs the customer to purchase a prepaid debit or credit card – widely available at retail stores – then call him or her back to supposedly make a payment to Duke Energy.
- The scammer asks the customer for the prepaid card's receipt number and PIN number, which grants instant access to the card's funds.
- The customer has received no other notice from Duke Energy that an account is overdue.
