CDD Orientation

Please join us each Thursday at 10:00am at the District office located at 984 Old Mill Run to learn about how the Districts operate and other important community information. For additional information, please contact us at (352) 753-4508.

The following facilities will be temporarily closed or have scheduled maintenance:

⇒ **Saddlebrook Recreation Center Parking Lot**

A portion of the Saddlebrook Recreation Center Parking Lot will be closed through the end of July.

⇒ **Pimlico Recreation Center**

The Pimlico Recreation Center will be closed for maintenance on July 20th.

⇒ **Lake Miona Recreation Center**

The Lake Miona Recreation Center will be closed for cleaning on July 28th.

⇒ **Hibiscus Tennis Courts**

The Hibiscus Tennis Courts will be closed for maintenance until further notice.

⇒ **Laurel Manor Recreation Center**

The Laurel Manor Recreation Center will be closed for maintenance until August 4th.

⇒ **Bridgeport Shuffleboard Courts**

The Bridgeport Shuffleboard Courts will be closed until further notice.

⇒ **Coconut Cove Recreation Center**

The Coconut Cove Recreation Center will be closed for maintenance on July 21st.

⇒ **Bacall Billiards Hall**

The Bacall Billiards Hall will be closed for table maintenance July 24th through July 26th.

⇒ **Coconut Cove Tennis Courts**

The Coconut Cove Tennis Courts will be closed for maintenance until further notice.

⇒ **SeaBreeze Recreation Center and Fitness Center**

The SeaBreeze Recreation and Fitness Center will be closed for cleaning on July 13th.

The following facilities will be temporarily closed or have scheduled maintenance:

⇒ **Big Cypress Billiards Hall**

The Big Cypress Billiards Hall will be closed for table maintenance July 10th through July 13th.

⇒ **Big Cypress Recreation Center**

The Big Cypress Recreation Center will be closed for cleaning July 21st.

Lost & Found Guidelines The Villages Recreation & Parks Department

All items estimated to be valued under \$50.00 (non-valuable items) will be sent to the following lost and found locations:

- La Hacienda Regional Recreation Center (north of 466), 753-1716
- Laurel Manor Regional Recreation Center (south of 466), 751-7110
- Eisenhower Regional Recreation Center (south of 466A), 674-8390

All items estimated to be valued over \$50.00 (valuable items) including but not limited to: gold, jewelry, golf clubs, wallets, purses, electronics (including digital cameras, cell phones, tablets/computers) or other expensive items will be turned over to the appropriate law enforcement agency within 72 hours.

- Lake County Sheriff 352-343-2101
- Lady Lake Police Department 352-751-1560
- Marion County Sheriff 352-753-2211
- Sumter County Sheriff 352-569-1600
- Wildwood Police Department 352-330-1355
- Fruitland Park Police Department 352-360-6655

When items are found at any of The Villages Recreation Facilities the following steps will take place:

1. If an individual claims an item he/she is to fill out the Recreation Department Lost & Found Claim Form. Claim report forms will be kept on file at the facility RSR's desk for a period of 6 months.
2. No items are to be released without a photo ID, signature and phone number.
3. After the end of each month all remaining items will be donated to a local charitable organization as designated by the District. The Recreation Dept. has partnered with The Villages Auxiliary Hospital; which is a non-profit, charitable organization that serves our community.

Note: The Recreation Department takes no responsibility for items left in the Recreation Centers or turned over to Law Enforcement.

Information Provided by...

Executive Golf Course Opening

Redfish Run Executive Golf Course will re-open for play on Thursday, July 11, 2019. After a much needed rest and rehabilitation, quality course conditions are back and ready for golf rounds to be played. We thank you for your patience while the course recovered.

Executive Golf Course Closings

For public safety, the District has closed Hill Top, Silver Lake, Chula Vista and Mira Mesa Executive Golf Courses until further notice for water management implementations due to excessive rain. The movement of water from one area to another helps the District ensure the integrity of our holding capabilities throughout the various water retention basins. If you have any questions or need additional information, please call the District Executive Golf Maintenance Office at 352-674-1885. We appreciate your patience and understanding.

In our efforts to keep the Executive Golf Courses in optimal condition, the Bogart Executive Golf Course will remain closed until further notice. This is a planned early maintenance recovery program to ensure quality conditions. We apologize for the inconvenience. If you have any questions or need additional information on this transition, please contact District Executive Golf Course Maintenance at 352-674-1885.

Construction Update

The Villages® Community Development Districts Property Management

The Villages Public Safety Department Fire Station #40 located at 2455 Parr Drive:

This project is approximately 25% complete. The structural portion is finished, as is most of the underground utility work. The “rough in” of the mechanical and electrical trades for the new truck bay, sleeping quarters and fitness room are now complete. The walls are in the process of being insulated in preparation for drywall installation. Roof shingles are being installed and the exterior trim work has begun. Preparation for the new emergency generator is underway.

District Property Management and Community Watch Satellite Office located at 4890 Morse Boulevard:

The underground site work is complete and the masonry portion of the building is underway.

Information Provided by...

The Villages®

Community Development Districts
Utilities

Preventative maintenance is occurring on the potable water system field valves throughout many areas of The Villages. Those customers serviced by Village Center Service Area (VCSA), Little Sumter Service Area (LSSA) and North Sumter Utilities (NSU) that will be impacted will be notified 24 hours in advance of a temporary interruption in service and will receive the following notification:

THE PUBLIC DRINKING WATER MAINS IN YOUR AREA WILL BE SHUT DOWN TEMPORARILY FOR NEEDED MAINTENANCE.

*AS A PRECAUTION, UPON RETURN OF WATER SERVICE, WE ADVISE THAT ALL WATER USED FOR **DRINKING, MAKING ICE, AND COOKING BE BOILED, FOR ALL OTHER HOUSE HOLD USES THE WATER IS ACCEPTABLE.** A ROLLING BOIL OF ONE MINUTE IS SUFFICIENT. AS AN ALTERNATIVE, BOTTLED WATER MAY BE USED.*

THIS "PRECAUTIONARY BOIL WATER NOTICE" WILL REMAIN IN EFFECT UNTIL THE MAINTENANCE TASK HAS BEEN COMPLETED AND A BACTERIOLOGICAL SURVEY SHOWS THAT THE WATER IS SAFE TO DRINK. IF YOU HAVE ANY QUESTIONS, YOU MAY CONTACT DEANNA SIMMONS, FROM THE WATER DEPARTMENT AT (352) 259-2802 (NSU WWTP).

A notice with the addresses of the affected area along with this information will be left at the door of all impacted addresses. We appreciate your patience and cooperation in order to maintain the continued integrity and safety of the District Infrastructure.

A tentative schedule of the areas impacted in the upcoming week:

7/15/2019- 2106 Percival Way & 2136 Chalmer Terrace

7/16/2019- 2172 Chalmer Terrace, 2160 Percival Way & 2172 Percival Way

Finance

July 19, 2019

July 19, 2019 is an important date for any resident who would like the option of paying your bond off in full. July 19, 2019 is this year's Bond cut-off date. A resident has the option to pay his/her bond off in full and, if paid by July 19th, the bond assessment will no longer appear on the County's tax bill. This option allows residents to save on future interest payments. If you opt not to pay off your bill, you will continue to pay in annual installments. If you have any questions, please contact the Bond Department at 352-751-3900.

The Villages®

Multi Modal Path Signs

The Multi Modal Path Discussion Group Guide Sign project is under construction. Starting Monday, July 1, 2019, the contractor will be onsite to commence installation of the new multi-modal trail guide signs on the new posts they previously installed. Completion of the project is expected in August 2019.

Did You Know??

Every year during the budget process, we receive questions from residents regarding amenity fees, bond assessments and maintenance assessments. Below are brief explanations of each of the fees, what they pay for and how they are billed.

Amenity Fees:

Amenity Fees pay for amenity services such as Recreation Centers, Pools, Executive Golf Courses, Safety Services, Community Watch/Gates, Customer Services, Administrative Services, Property/Facilities Management along with the debt service expenses. The amenity fees are collected on a monthly basis via the utility bill. There are two amenity funds – Recreation Amenity Division (RAD) Fund which accounts for the amenity fee revenue and expenses north of CR466 and Sumter Landing Amenities Division (SLAD) Fund which accounts for the amenity fee revenue/expenses south of CR466 and north of SR44.

Bond Assessments:

Bonds are issued to pay for the infrastructure construction such as roads, tunnels, multi-modal paths, storm water systems, fences, landscaping etc. required for the development of the district. The District Bonds are paid off through bond assessments on individual lots within the specific bond phase. Bond assessments are either paid in full or billed annually on your tax bill under the non-ad valorem section. Each bond issue has a debt service fund that is included in the annual budgets for each District. Amortization schedules for each unit are located on the District's website www.districtgov.org under the Finance Department link.

Maintenance Assessments:

The elected Board of Supervisors levies maintenance assessments to provide funds for the District's operations along with the maintenance and replacement of the infrastructure acquired by the District through the bond issue(s). The infrastructure include items such as storm and gutter facilities, water retention areas, villa roads, landscaping, street lights, multi-modal paths, fences, insurance, management fees, legal fees etc. The maintenance assessment is billed annually on your tax bill under the non-ad valorem section. The maintenance assessment revenue is the major source of income for the general operating fund of each residential district and reviewed every year during the budget process. The purpose of the assessment is to provide funds to maintain the existing level of service and ensure the long-term integrity of the infrastructure and the sustainability of the District.

You may review current and past budgets on the District website www.districtgov.org to view the amenity funds along with each District's operating and debt service funds. The approved FY19-20 Proposed Budgets have been added to the District website.

VCDD Utility and Amenity Envelopes

In August, the return envelopes that may be provided with your monthly VCDD Utility & Amenity statement will be white rather than colored based on your utility (If you are on automatic draft, you do not receive a return envelope). Rather than colored envelopes, you will notice that our return address has a shaded back ground for routing once we receive your payment.

Please continue to use the white envelope in exactly the same manner that you have previously used the colored envelopes. If you have any questions or would like additional information, please contact Finance Customer Service at 352-750-0000. To view a sample, please click on the header of this announcement.

Did You Know?

The Villages® Community Development Districts Utilities

How much is enough?

Always wondered if your water bill and water consumption could be less, but not sure what it should drop to? Based on guidelines from SWFWMD and the University of Florida, a local engineering firm produced guidelines for average monthly consumption based on the type of home you have. However, with active management, your water usage and bill could be significantly less.

If you live north of C.R. 466 with a single water meter

Your home is:	Your water usage should average this per month:
Patio style	6,500 gallons
Courtyard style	7,000 gallons
Ranch style	10,800 gallons
Designer style	10,700 gallons
Premier style	21,200 gallons

If you live south of C.R. 466 with an outdoor-use meter and indoor-use meter

Your home is:	Your water usage should average this per month:	
	Outdoor	Indoor
Patio style	3,000 gallons	+ 3,700 gallons*
Courtyard style	3,500 gallons	+ 3,700 gallons*
Ranch style	7,300 gallons	+ 3,700 gallons*
Designer style	7,200 gallons	+ 3,700 gallons*
Premier style	17,700 gallons	+ 3,700 gallons*

* 3,700 gallons monthly average represents indoor usage for a household with two occupants, regardless of home size.

Graphic by Mike Orton / Daily Sun

Lawn and Landscaping watering is limited to two days per week during the hours of 12:00 AM–10:00 AM or 4:00 PM–12:00 AM. To find the correct irrigation schedule for your residence please visit www.DistrictGov.org and click on the Water Wisdom icon on the lower right of the screen.

Know and follow your watering restrictions and don't water just because it is your day! Irrigate your lawn only when it shows signs of stress from lack of water, such as grass blades that do not spring back leaving footprints on the lawn for several minutes after walking on it. Other signs could be grass blades that appear blue-grey or the top of the soil feels dry.

This information is provided to residents who live in Districts 1 through 11.

Understanding basic recycling rules and tips.

RECYCLE ALL BOTTLES, CANS, PAPER, AND CARDBOARD

Item	Rule	Expert Tip
<p>Plastic Bottles & Containers</p> 	<p>Recycle plastics like empty bottles, jars, jugs, and tubs by their shapes. Chasing arrows don't necessarily indicate recyclability.</p>	<p>Caps are now recyclable, but you must put them back on empty containers before tossing in the bin.</p>
<p>Food & Beverage Cans</p> 	<p>Recycle all empty tin, aluminum, and steel cans.</p>	<p>Empty aerosol cans can also be recycled. If the can has a plastic lid, you should remove it.</p>
<p>Paper</p> 	<p>Paper, newspaper, and magazines are good to recycle.</p>	<p>Soiled and wet paper should be placed in the trash.</p>
<p>Flattened Cardboard & Paperboard</p> 	<p>Flatten and recycle all cardboard and paperboard.</p>	<p>Break down and flatten cardboard boxes to make room for more materials to fit in your recycling.</p>

Recycling Continued...

NO Plastic Bags

Plastic bags are included in a few curbside programs, check with your local program.

Do not bag recyclables. Plastic bags get tangled in equipment and threaten worker safety. Find where you can recycle them at plasticfilmrecycling.org.

NO Plastic Wraps & Film

Plastic wrap, bubble wrap, plastic sandwich bags, and freezer bags should not go in the recycle bin.

Reuse whenever possible for presents, moving, or storage of similar items.

NO Flexible Packaging

Flexible packaging like chip bags and juice or soup pouches cannot be recycled in curbside programs.

This type of packaging is made from multiple materials preventing it from being recycled. It must be trashed.

TRASH IT INSTEAD

Item	Rule	Expert Tip
<p>NO Garden Hoses, Rope, Leashes, Wire & String</p> 	<p>Garden hose, rope, leashes, wire, and string should never go in the recycle bin.</p>	<p>These wrap around equipment, threaten the safety of MRF workers, and can shut down entire recycling centers! Ensure they only go in the trash.</p>

Did You Know?

NO Dirty Diapers

Dirty diapers' and pet waste's yuck factor increase when they end up where they shouldn't—the recycle bin!

These will soil all of the recyclables, turning the load to trash. Trash these instead and keep recyclables clean.

NO Cups with Plastic or Wax Coating

Cups with plastic or waxed coatings are not recyclable.

The plastic lid should be trashed as well.

NO Polystyrene Foam & Plastic

Polystyrene foam and plastic "to-go" containers and cups are made of unrecyclable materials, and cannot be collected curbside.

Packing peanuts aren't recyclable either, however some shipping stores will take peanuts back for reuse.

KEEP ITEMS CLEAN AND DRY

Item	Rule	Expert Tip
<p>NO Food Waste</p> 	<p>Scrape out all cans and jars, empty liquids, and put scraps in the compost.</p>	<p>Food scraps and liquids may seem harmless, but they could turn a whole load of recycling to trash.</p>

Recycling Continued...

NO Dirty Diapers

Dirty diapers' and pet waste's yuck factor increase when they end up where they shouldn't—the recycle bin!

These will soil all of the recyclables, turning the load to trash. Trash these instead and keep recyclables clean.

NO Cups with Plastic or Wax Coating

Cups with plastic or waxed coatings are not recyclable.

The plastic lid should be trashed as well.

NO Polystyrene Foam & Plastic

Polystyrene foam and plastic "to-go" containers and cups are made of unrecyclable materials, and cannot be collected curbside.

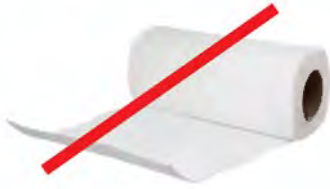

Packing peanuts aren't recyclable either, however some shipping stores will take peanuts back for reuse.

KEEP ITEMS CLEAN AND DRY

Item	Rule	Expert Tip
<p>NO Food Waste</p> 	<p>Scrape out all cans and jars, empty liquids, and put scraps in the compost.</p>	<p>Food scraps and liquids may seem harmless, but they could turn a whole load of recycling to trash.</p>

Recycling Continued...

NO Soiled Paper Towels

Soiled paper towels, napkins, and tissues are not recyclable.

Compost the soiled stuff, and remember to recycle the paper towel cardboard tube.

Food & Beverage Containers

Recycle empty milk cartons, juice boxes, and food cartons.

Make sure containers are completely empty to avoid contamination.

Pizza Boxes

Cardboard pizza delivery boxes without leftovers or liners should be recycled.

Empty the box of all food residue and recycle.

NO Needles

Medical waste doesn't belong in curbside recycling or waste!

Needles can cause serious injuries to workers, so dispose of them in a safe container like Waste Management's MedWaste Tracker® box, or contact your local service provider.

NO Scrap Metal, Auto Parts & Tires

Metal waste (car parts, propane cylinders, lawn mowers, and microwaves) cause damage and are safety hazards if put in curbside recycling or waste bins.

Check locally for special collection options or take them to a local retailer or scrap recycler for donation or proper recycling.

Recycling Continued...

NO Batteries

Batteries can destroy recyclable material and even worse – they injure workers and cause fires! Lithium-ion batteries and other batteries don't belong in curbside recycling or trash containers.

Order a Waste Management Recycle By Mail battery kit, or contact your local service provider for a convenient solution.

**RECYCLE OFTEN.
RECYCLE RIGHT.™**

Information Provided by...

The Villages® Community Development Districts Community Watch

Helpful Gate Information

- In The Villages, there are 109 Gate Complexes. Of those 109, 23 are staffed, with 13 of those staffed 24/7.
- The speed limit while approaching or exiting a gate is 5 MPH.
- A majority of gates have two entrances: Visitor and Resident. Residents may use either lane as gate cards will work at either entrance. All guests, vendors, contractors, deliveries, commercial vehicles and other vehicles should use the Visitor's Lane.
- Vehicle access gates were installed to control access to the community. This reduces and slows traffic entering the community. In addition, it provides a deterrent to individuals who have no legitimate business in the community.
- Please do not tailgate other cars/golf cars through the gates – only one vehicle is permitted at a time. Allow the gates to close and activate the gate with your gate card or by pressing the red button.
- The entry gates are equipped with an automatic timer to close. Please remember to get through the gate promptly once it has fully opened.
- The exit gate will automatically open when you drive your vehicle over the sensor located in the roadway. Simply approach the gate slowly, wait for the gate to open completely and proceed through promptly. Do not attempt to back up as the gate arm has already begun its downward motion as this may result in damage.
- The exit gate will begin to close once it no longer detects a vehicle by a sensor. Please make sure your vehicle clears the passage and travels through the gate once it has fully opened. Like with the entrance gates, do not tailgate.
- In the event of a power failure, the gates are equipped with a battery backup system. The gates will automatically open when power is interrupted and automatically close when power is restored.

For additional information, please contact Community Watch at 352-753-0550.

Information Provided by...

Station 47 and Customer Service Satellite Office Grand Opening.

Station 47 was officially opened July 9, 2019 and Engine 47 was put into service. The station will primarily serve the north end of Fenney and north of SR 44.

The station features a design to enable crews to get the apparatus quicker. Cancer prevention devices were installed including extractor, bunker gear dryer, separate bunker gear room. An exhaust extraction system was installed to remove exhaust from the apparatus bay.

Billy Schools, Commander of the Continental Veterans Association presented the first flag to be flown in front of Station 47. Thank you, Mr. Schools, for your group's generosity. We are proud to fly the flag.

The Community Emergency Response Team of The Villages (CERT) of The Villages set up the firefighter rehab station for display and first aid station for the event. C.E.R.T. of The CERT is one of a handful of CERT organizations that will respond at all hours of the day to provide cooling, drinks, and snacks to our firefighters during structure fires or extended events. CERT of The Villages has been trained to the FEMA standards to provide firefighter rehab.

Fire department staff provided tours of the new station along with answering questions about the services we provide.

The new District Customer Service Center Satellite Office also opened on July 9, 2019. The satellite office will provide the opportunity to receive the following services in a new convenient location!

Learn How to Avoid Heat-related Illnesses and Death

The human body is normally able to regulate its temperature through sweating, until it is exposed to more heat than it can handle. Heat exhaustion and heat stroke can escalate rapidly, leading to delirium, organ damage and even death.

People most at risk include:

- Infants and young children, especially if left in hot cars
- People 65 and older
- People who are ill, have chronic health conditions or are on certain medications
- People who are overweight

Heat Exhaustion

When the body loses excessive water and salt, usually due to sweating, heat exhaustion can occur. According to the free NSC First Aid Quick Reference app, signs and symptoms include:

- Sweating
- Pale, ashen or moist skin
- Muscle cramps (especially for those working or exercising outdoors in high temperatures)
- Fatigue, weakness or exhaustion
- Headache, dizziness or fainting
- Nausea or vomiting
- Rapid heart rate
- Uncontrolled heat exhaustion can evolve into heat stroke, so make sure to treat victims quickly:
 - Move victims to a shaded or air-conditioned area
 - Give water or other cool, nonalcoholic beverages
 - Apply wet towels, or have victims take a cool shower

Heat Stroke

Seek medical help immediately if someone is suffering from heat stroke.

Signs include:

- Body temperature above 103 degrees
- Skin that is flushed, dry and hot to the touch; sweating has usually stopped
- Rapid breathing
- Headache, dizziness, confusion or other signs of altered mental status
- Irrational or belligerent behavior
- Convulsions or unresponsiveness

Heat Related Illness Continued...

Immediately take action:

- Call 911
- Move the victim to a cool place
- Remove unnecessary clothing
- Immediately cool the victim, preferably by immersing up to the neck in cold water (with the help of a second rescuer)
- If immersion in cold water is not possible, place the victim in a cold shower or move to a cool area and cover as much of the body as possible with cold, wet towels
- Keep cooling until body temperature drops to 101 degrees
- Monitor the victim's breathing and be ready to give CPR if needed

DO NOT:

- Force the victim to drink liquids
- Apply rubbing alcohol to the skin
- Allow victims to take pain relievers or salt tablets

The best way to avoid a heat-related illness is to limit exposure outdoors during hot days. According to the Centers for Disease Control and Prevention:

- Air conditioning is the best way to cool off
- Drink fluids, even if you don't feel thirsty, and avoid alcohol
- Wear loose, lightweight clothing and a hat
- Replace salt lost from sweating by drinking fruit juice or sports drinks
- Avoid spending time outdoors during the hottest part of the day, from 11 a.m. to 3 p.m.
- Wear sunscreen; sunburn affects the body's ability to cool itself
- Pace yourself when you run or otherwise exert your body

In your community, please check in on neighbors who are elderly, house-bound or otherwise may be reluctant to ask for help. You can offer to host them in the air-conditioned comfort of your living room on hot days, drive them to a local cooling center, or call relatives or city services to arrange for them to stay cool.

What's Happening in Your District

Ciraco Underground Inc. commenced construction on the McLawren Drainage Project on Wednesday, June 26, 2019. The project is scheduled to be completed in 150 days.

Our contractor will do everything possible to minimize your inconvenience. For the SAFETY of our crews and the residents, we ask that you reschedule any work or deliveries while the area in front of your home is under construction, as they may be denied access. Only residents, emergency vehicles, and garbage pickup will have immediate access during the construction.

There will be intermittent road closures for the duration of the project.

Starting Tuesday, June 25, 2019 a short section of Calumet Avenue will be closed for approximately 30 days. If you do travel thru the construction area PLEASE drive slowly and watch for and listen to directions by the contract workers and follow the road detour directional signage.

Our goal is to give you a new storm drain system that will last a maximum life with the LEAST amount of inconvenience. Your cooperation is GREATLY APPRECIATED. If you have any questions during the work there will be someone on site to help.

For any further questions, please contact District Property Management at 352-753-4022.

ARCHITECTURAL REVIEW COMMITTEE

**VILLAGE CENTER COMMUNITY DEVELOPMENT DISTRICT
FOR THE LADY LAKE / LAKE COUNTY PORTION OF THE VILLAGES**

Village Center Community Development District for the Lady Lake / Lake County portion of The Villages (this area does not include Fruitland Park) is seeking a **primary** and **alternate** volunteer member to serve as their representative on the Architectural Review Committee.

The **primary applicant** must be a full time resident of the Lady Lake / Lake County portion of The Villages (this area does not include Fruitland Park) and have lived in The Villages for at least one year. Candidates are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, landscaping, county code enforcement, etc; however, this is not required. The Committee meets weekly, on Wednesdays, for approximately 4 hours (8:00 a.m. until 12:00 p.m.).

The **alternate applicant** must be a full time resident of the Lady Lake / Lake County portion of The Villages (this area does not include Fruitland Park) and have lived in The Villages for at least one year. Candidates are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, landscaping, county code enforcement, etc; however, this is not required. This requires attendance at the ARC meeting every week for the first four (4) weeks and once every month thereafter. The Committee meets weekly, on Wednesdays, for approximately 4 hours (8:00 a.m. until 12:00 p.m.).

If you are interested in becoming a primary or alternate volunteer representative for the Lady Lake / Lake County portion of The Villages, please contact the Community Standards Department at 352-751-3912 or visit our website at www.DistrictGov.org. Applications for the primary and alternate member are due no later than Monday, July 15, 2019.
