## **Recreation Code of Conduct**

Recreation is an integral part of the lifestyle of The Villages community, providing our residents with outlets for leisure, exercise, socializing and entertainment. So that your programs and activities remain enjoyable for everyone, it is important that we respect our recreation facilities and fellow residents who utilize them. When using the recreation facilities, we share with you the recreation code of conduct. If any issues arise we ask that you work towards a resolution, taking advantage of the following mechanisms which are in place to help you with any issues.

- The use of obscenity, profanity or vulgarity in any conversations involving participants or department staff will not be tolerated.
- It is everyone's responsibility to maintain a safe, pleasant and comfortable playing atmosphere.
- Every individual who participates in any program has the right to be treated with respect. The Golden Rule, "Do unto others as you would have them do unto you," prevails.

## **Wireless Access Overview for Resident Lifestyle Volunteer Groups & Rentals**

The Recreation & Parks Department offers limited wireless access of devices. Customers may access the wireless service available at all recreation centers with the exception of Southside and the neighborhood centers. The use of any application of this service is for limited WiFi capability, and to assist our residents within the lobby areas, with limited service in the recreation centers. Eligible guests may access the wireless internet if the resident is present. Each resident will need a Wireless laptop, Villages ID card and their golf PIN number in order to access the Wireless service. For questions or assistance contact the recreation center staff or go to [www.Districtgov.org](http://www.Districtgov.org).

### Annual Plantings

Annual plants or “Seasonal Color” are plants that grow from seed to flower, produce seeds, and die within a single growing season.

On District property within The Villages, landscape contractors install 1.6 million annuals annually, replanting by hand every quarter to coordinate with Florida weather and seasons for a full color appearance throughout the year.

These annuals are contract grown in nurseries around the state of Florida. Once the plants are ready, it is crucial that they be installed quickly to avoid becoming root bound in the container and shortening their life expectancy.

We do not specify the species as long as they are plants proven to work in our area and adhere to the design intent within The Villages. This provides a change of color as you move through The Villages.

### Executive Golf Course Closings

For public safety purposes, the District closed Amberwood, Hill Top, Silver Lake, Chula Vista and Mira Mesa Executive Golf Courses until further notice. This closure is to allow for water management implementations due to excessive rain. The movement of water from one area to another helps the District ensure the integrity of our holding capabilities throughout the various water retention basins. If you have any questions or need additional information, please call the District Executive Golf Maintenance Office at 352-674-1885. We appreciate your patience and understanding.

In our efforts to keep the Executive Golf Courses in optimal condition, the Bogart Executive Golf Course will remain closed until further notice. This is a planned early maintenance recovery program to ensure quality conditions. We apologize for the inconvenience. If you have any questions or need additional information on this transition, please contact District Executive Golf Course Maintenance at 352-674-1885.

**Finance**

During the month of June, a new Board financial statement format was rolled out and reviewed with all Supervisors at each of the District Board meetings. The intent of these revisions was to provide more transparency to the Board and to residents. The monthly financial report has been refined to provide a memo summarizing the financial results and a concise Statement of Activity that outlines the key elements that highlight the financial position of the District. The report summarizes the financial results on a year to date basis, comparing current year results to the fiscal year budget and to the results from this time one year ago. The revisions received rave reviews!

There is a link to each District's monthly financial statements at [www.DistrictGov.org](http://www.DistrictGov.org) under the Finance Department, Monthly Financial Statements.

In August, the return envelopes that may be provided with your monthly VCDD Utility & Amenity statement will be white rather than colored based on your utility (If you are on automatic draft, you do not receive a return envelope). Rather than colored envelopes, you will notice a small bar of color at the top of the envelope for routing once we receive your payment.

Please continue to use the white envelope in exactly the same manner that you have previously used the colored envelopes. If you have any questions or would like additional information, please contact Finance Customer Service at 352-750-0000.

### Mother Nature's Fireworks Show!

On the afternoon of July 4, 2019, Mother Nature provided The Villages with a firework show when lightning struck a flag pole at 9220 SE 171<sup>st</sup> Cooper Loop in the Village of Woodbury. The bolt of lightning then traveled down to a six-inch water main where it blew a hole in the pipeline. (see below)

Jacobs' Rapid Response Team responded to the emergency and immediately isolated the water pipelines and began the task of evaluating the damages. The Team spent the next 6 hours excavating the site, removing the damaged section of pipe and making the necessary repairs. The water was turned back on before midnight!

## **IMPORTANT INFORMATION FOR RESIDENTS RESIDING IN DISTRICT 12**

As part of the City of Wildwood's and the privately owned South Sumter Utility Company's (Utility) potable water system maintenance program, the Utility has contracted with Jacobs/CH2M to develop and implement a Unidirectional Flushing (UDF) Program for all areas of The Villages south of SR 44. UDF programs are commonly used across North America to improve operations, enhance the water system and improve service standards. One of the goals of this program is to help alleviate some of the discolored water issues that have been intermittently experienced. An additional goal is to help prepare the potable water system for a change in water source. During the month of July, the water source for The Villages south of SR 44 will transition to the new Water Treatment Plant (WTP) that is being constructed near the intersection of CR 468 and the Turnpike.

The UDF Program began during the week of May 28th and is anticipated to continue for approximately 5 to 6 weeks in order for all areas of the potable water system to be addressed. The duration for each area being flushed is anticipated to be approximately 2 to 4 days and will occur during weekdays between the hours of 7 am and 6 pm. Immediately prior to the beginning of UDF activities in each area, door hanger notices will be placed at each residence or commercial facility.

For additional information, please contact the District Utility Customer Service office at (352) 750-0000.
