Inquiry, or Concern

The Villages® Community Development Districts Property Management

The wall behind my house is covered with mold. How do I get it cleaned?

Your Declaration of Restrictions stipulate who is responsible for maintaining the wall or fence on your property. You can download them from www.DistrictGov.org. If you are still unclear please call District Property Management at 352-753-4022 for assistance.

What can I do if I notice the plants and flowers are dying at my gate entrance?

Each year District contractors replace millions of seasonal and ornamental plants throughout The Villages. Because of these quantities, all material is contract grown or acquired by reputable growers to ensure a consistent product. At times, some plants may decline prematurely. This can be caused by wet or dry conditions, temperature change or simply outliving its intended lifespan. We are continuously monitoring all Districts, planning and scheduling these improvements. If you see an area in need of attention, please contact District Property Management at 352-753-4022.

Frequently Asked Questions and Answers

The Villages® Community Development Districts Utilities

Did you know that each lot in The Villages is assigned two specific days of the week to irrigate? It is important to follow this schedule to prevent over watering the common areas between homes and to ensure that there is adequate pressure on the system available for everyone who is scheduled that day.

A ‘flood’ of information on irrigating is available online at www.thevillageswaterwisdom.com. Information including details on Florida Friendly Landscaping, how much water you really need to use and when your lot is scheduled for watering are all at your fingertips.

Residents in the Lake County portion of The Villages (with the exception of District 11) must comply with the restrictions of the St. John's River Water Management District.

Eastern Standard Time

Lake County	Addresses ending in 0, 2, 4, 6, 8	Sunday	12 am to 10 am and 4 pm to 12 am
Lake County	Addresses ending in 1, 3, 5, 7, 9	Saturday	12 am to 10 am and 4 pm to 12 am

Daylight Saving Time

Lake County	Addresses ending in 0, 2, 4, 6, 8	Thursday and Sunday	12 am to 10 am and 4 pm to 12 am
Lake County	Addresses ending in 1, 3, 5, 7, 9	Wednesday and Saturday	12 am to 10 am and 4 pm to 12 am

The following is a summary of the restrictions:

Lawn watering depends on whether you have an odd or even numbered address, and the time of year.

Daylight Saving Time: Second Sunday in March until the first Sunday in November
Eastern Standard Time: First Sunday in November until the second Sunday in March

- Watering may only occur before 10 a.m. or after 4 p.m. on the scheduled days.
- Water for no more than one hour per zone.
- Certain exemptions are available, such as allowances for new plant material.
- There are no restrictions on fountains, car washing and pressure washing.

However, it is important to be as efficient as possible, such as using a shut-off nozzle on the hose, so water isn't wasted.

Frequently Asked Questions and Answers Submitted Through www.DistrictGov.org

The Villages® Community Development Districts Utilities

Residents in the **Marion, Sumter and Lake County District 11** portion of The Villages must comply with the SWFWMD's year-round conservation measures.

The year round conservation measures allow for twice-per-week watering, which gives residents additional flexibility for determining when to water. Residents are encouraged to water only if their lawn and landscape needs it and turn off their irrigation system if it has rained or if rain is predicted in the next 24 hours. Some of the signs that a lawn needs water include: blades folded in half lengthwise, footprints remaining on the lawn for several minutes after walking on it, and the top few inches of soil being dry.

CDD	Home Address	Watering Days	Watering Hours
1	Even Addresses (ending in 0, 2, 4, 6, 8)	Tuesday / Friday	12 am to 10 am and 4 pm to 12 am
1	Odd Addresses (ending in 1, 3, 5, 7, 9)	Monday / Thursday	12 am to 10 am and 4 pm to 12 am
2	Even Addresses (ending in 0, 2, 4, 6, 8)	Tuesday / Friday	12 am to 10 am and 4 pm to 12 am
2	Odd Addresses (ending in 1, 3, 5, 7, 9)	Monday / Thursday	12 am to 10 am and 4 pm to 12 am
3	Even Addresses (ending in 0, 2, 4, 6, 8)	Tuesday / Saturday	12 am to 10 am and 4 pm to 12 am
3	Odd Addresses (ending in 1, 3, 5, 7, 9)	Wednesday / Sunday	12 am to 10 am and 4 pm to 12 am
4	Even Addresses (ending in 0, 2, 4, 6, 8)	Thursday / Sunday	12 am to 10 am and 4 pm to 12 am

Since June, the North Sumter County Utility Dependent District (NSCUDD), along with the District and our solid waste provider JACOBS, held three interactive workshops for the development of a Solid Waste Management Plan. The development of this plan will ensure we maintain a high level of satisfaction for the collection of solid waste and remain safe, effective, efficient, and environmentally sound for the future all while providing a cost-effective program.

The first workshop provided information on the District's current Solid Waste and Recycling Program, and the need to develop a Solid Waste Management Plan, as well as the state of the industry and the impacts this has on our current program.

The second workshop recapped what we learned in the first session along with additional information on the methods of solid waste disposal, as well as the rising costs. With the use of electronic survey clickers, a series of questions were asked of the attendees and the results stated that the majority feel there is no need to change the solid waste collection process and are very satisfied with the service that is provided. The participants also indicated a willingness to pay slightly more per month to maintain the current solid waste and recycling program.

During the third workshop, alternative waste management options, options for waste disposal, and the associated costs were presented followed by additional input from the attendees. Some of the suggestions were "Be Bold", "Be Simple", reduce the number of items accepted for recycling, and the list goes on.

The presentation from the three workshops can be found on the District website at www.districtgov.org.

NSCUDD will hold a special meeting on Monday, November 4, 2019, at the District Office, 984 Old Mill Run, Lake Sumter Landing at 9:00 AM to determine how we move forward. Please plan on attending!

Information Provided By...

Solid Waste Operations in The Villages

- Amount of material collected in 2018
 - Solid Waste: 22,120 tons
 - Recyclables: 11,160 tons
 - Brush: 6,790 tons
 - Total: 40,070 tons
- Equipment
 - 11 Solid waste rear loading trucks
 - 6 Recycling rear loading trucks
 - 2 Commercial front loading trucks
 - 1 Bulk / White Goods truck

The Villages® Community Development Districts Recreation & Parks

Fishing in The Villages

Florida is conducive to year-round fishing which makes The Villages a perfect community to offer ample fishing opportunities for those who wish to wet a hook and line. To ensure your fishing experience is enjoyable, it is important to know the rules and regulations for fishing these water bodies. The Village Community Development Districts and the State's Water Management Districts oversee and manage many of the water bodies located throughout The Villages community. These water bodies serve several purposes for the community and also provide anglers fishable areas for their recreational enjoyment. For information visit <https://www.districtgov.org/departments/Recreation/fishing.aspx>

Unit 56 Drainage Project

District staff, Village of Marion Unit 56 residents, District 4 Board members and the contractor celebrated the successful completion of the Unit 56 Drainage Project with a hot dog cookout in the Locustwood cul-de-sac. Quite a few residents attended the event and expressed their appreciation of the professionalism of the contractor's and District's staff assigned to complete the project. As part of the drainage project, all Unit 56 roads were milled and resurfaced as approved by the District 4 Board. District Property Management thanks the Unit 56 residents for their patience and understanding through this process.

Did You Know...

Due to recent increases in items attached to street signs, stop signs and light poles, the District would like to remind residents that balloons, ribbons, yard sale signs or any other materials attached to street signs can cause damage and are not permitted. In addition, signs are not permitted on District property, including right of way areas, in cul-de-sacs or in roundabouts to ensure the safety of all motorists, pedestrians and property. Signage can cause distractions to motorists, as well as cause line of sight problems.

Information Provided By...

Public Safety Push In Ceremony

On Saturday October 26, 2019 a push in ceremony was held for the new engine at Station 47. The engine was named "Marty" in honor of Marty Matthew an employee of The Villages Public Safety Department (VPSD) who passed away in March of this year.

The push in ceremony dates back to the 1800's. Back then, horses were used in the fire service to pull fire pumpers to the location of the emergency. After returning to the station both the horse and apparatus would then be washed and the pumper would be hand pushed back into the bays by the firefighters. Local clergy would bestow blessings upon the horse throwing holy water onto them for long life, strength, speed and good health. The public and Marty's family participated in the ceremony which was followed by an open house of Station 47.

Information Provided by ...

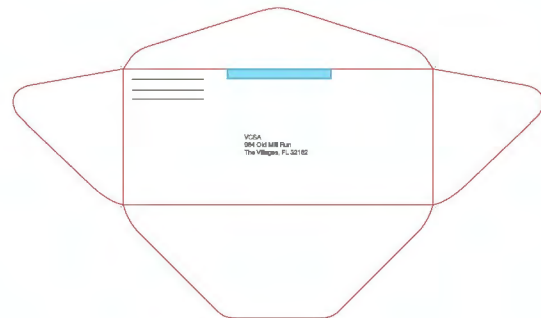

Envelopes

You may have noticed some changes in the envelopes that come with your monthly utility and amenity bill. First, the return envelopes, for those not on automatic drafts, were changed from a solid color, to white with a colored block on the top. Solid colored envelopes are much more expensive than the white. This change will result in an annual net savings of over \$7,000.

In addition, we have added language inviting everyone to sign up for paperless billing on the outside of the main envelope. Not only is paperless billing more convenient for seasonal residents, but it saves time, money and resources for the homeowner, The District and our future.

Go paperless at DistrictGov.org – enroll today.

Risk Management

While seasonal influenza (flu) viruses are detected year-round in the United States, flu viruses are most common during the fall and winter. The exact timing and duration of flu seasons can vary, but influenza activity often begins to increase in October. In addition to flu viruses, several other respiratory viruses also circulate during the flu season and can cause symptoms and illness similar to those seen with flu infection. These respiratory viruses include rhinovirus (one cause of the “common cold”) and respiratory syncytial virus (RSV), which is the most common cause of severe respiratory illness in young children as well as a leading cause of death from respiratory illness in those aged 65 years and older.

What is Influenza (Flu)?

Flu is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and sometimes the lungs. It can cause mild to severe illness, and at times can lead to death. The best way to prevent flu is by getting a flu vaccine each year.

Flu Symptoms:

The Flu can cause mild to severe illness, and at times can lead to death. Flu is different from a cold. Flu usually comes on suddenly. People who have flu often feel some or all of these symptoms:

- fever* or feeling feverish/chills
- cough
- sore throat
- runny or stuffy nose
- muscle or body aches
- headaches
- fatigue (tiredness)
- some people may have vomiting and diarrhea, though this is more common in children than adults.

*It's important to note that not everyone with flu will have a fever.

How Flu Spreads:

Most experts believe that flu viruses spread mainly by tiny droplets made when people with flu cough, sneeze or talk. These droplets can land in the mouths or noses of people who are nearby. Less often, a person might get flu by touching a surface or object that has flu virus on it and then touching their own mouth, nose or possibly their eyes.

Who is most likely to be infected with influenza?

A CDC study found that children are most likely to get sick from flu and that people 65 and older are least likely to get sick from influenza. Median incidence values (or attack rate) by age group were 9.3% for children 0-17 years, 8.8% for adults 18-64 years, and 3.9% for adults 65 years and older. This means that children younger than 18 are more than twice as likely to develop a symptomatic flu infection than adults 65 and older.

Period of Contagiousness:

You may be able to spread flu to someone else before you know you are sick, as well as while you are sick.

People with flu are most contagious in the first 3-4 days after their illness begins.

Some otherwise healthy adults may be able to infect others beginning 1 day before symptoms develop and up to 5 to 7 days after becoming sick.

Some people, especially young children and people with weakened immune systems, might be able to infect others for an even longer time.

Preventive Steps:

- CDC recommends a yearly flu vaccine as the first and most important step in protecting against influenza and its potentially serious complications. (Speak to your health care provider if this is right for you!)
- Try to avoid close contact with sick people.
- While sick, limit contact with others as much as possible to keep from infecting them.
- If you are sick with flu-like illness, CDC recommends that you stay home for at least 24 hours after your fever is gone except to get medical care or for other necessities. (Your fever should be gone for 24 hours without the use of a fever-reducing medicine.)
- Cover your nose and mouth with a tissue when you cough or sneeze or cough or sneeze into your elbow. After using a tissue, throw it in the trash and wash your hands.
- Wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand rub.
- Avoid touching your eyes, nose and mouth. Germs spread this way.
- Clean and disinfect surfaces and objects that may be contaminated with germs like flu.

Visit <https://www.cdc.gov/flu/index.htm> for more information, statistics, and facts!

ARCHITECTURAL REVIEW COMMITTEE

Is seeking a **primary** and **alternate** volunteer committee member for Village Community Development District No. 1

Village Community Development District No. 1 (District 1) is seeking a primary representative and an alternate representative on the Architectural Review Committee (ARC).

The **primary applicant** must be a full time resident of District No. 1 and have lived in The Villages for at least one year.

The **alternate applicant** must be a full time resident of District No. 1 and have lived in The Villages for at least one year. This position requires attendance at the ARC meeting every week for the first four (4) weeks and once every month thereafter.

Candidates are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, landscaping, county code enforcement, etc; however, this is not required. The Committee meets weekly, on Wednesdays, for approximately 4 hours (8:00 a.m. until noon).

If you are interested in becoming a primary or alternate volunteer representative for District No. 1, please contact the Community Standards Department at 751-3912.

Information Provided by...

ARCHITECTURAL REVIEW COMMITTEE

Is seeking an **alternate** committee member for
Village Community Development District No. 3

Village Community Development District No. 3 (District 3) is seeking an alternate member to serve on the Architectural Review Committee.

The applicant must be a full time resident of District 3 and have lived in The Villages for at least one year. Candidates are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, landscaping, county code enforcement, etc; however, this is not required. The Committee meets weekly, on Wednesdays, for approximately 4 hours (8:00 a.m. until 12:00 p.m.).

The required attendance for the alternate member is to attend an Architectural Review Committee meeting each week for four (4) weeks and then monthly thereafter. If you are interested in becoming an alternate member on the Architectural Review Committee, applications are available on the District's website, www.DistrictGov.org and at the Community Standards Department, 984 Old Mill Run, The Villages, Florida.

District 4 - Q&A Meetings!

Monday, November 4th, 2019

This month's Question & Answer meetings will be hosted by Don Deakin, Dist. 4 Supervisor and Amenity Authority Committee (AAC) Representative.

The purpose of these informal meetings is to provide ALL residents with the opportunity to get together, make friends, ask questions, get answers, share concerns, offer suggestions, seek solutions and address rumors.

In order to improve communications, each month residents have an opportunity to "chat" with one of the five Supervisors of District 4. Residents are able to sit down together to discuss any topics they would like pertaining to District 4.

These "Q&A Meetings" provide an informal setting with no agenda, no scheduled speakers, no microphones, no topic limits, and no speaker time limits.

- All meetings are held at **Mulberry Grove Recreation Center**
- Meetings begin at **7:00 PM** and end at 9:00 PM.
- Residents are invited to attend the entire meeting to listen to other residents' questions, but each of you may come and go as you please, based on your own schedules.
- Because residents choose the topics, each meeting will be different.

Why attend a Q&A? The Villages currently has 13 residential Districts that total over 60,000 households. But only three, (CDD-2, CDD-4 & CDD-8), offer informal, evening-time opportunities for YOU to meet and discuss whatever is on your mind regarding the day-to-day operations of The Villages. And --BEST OF ALL-- Villages Administration and Staff often attend these meetings and respond QUICKLY to your concerns. Q&A's offer an opportunity that very few Villagers get to enjoy. Come join us this month . . . and become more involved in your ever-changing local community!

TOPICS discussed at previous District 4 Question & Answer Meetings have included:

- Amenity Authority Committee (AAC)
- Amenity Deferral Rates
- Architectural Review Committee (ARC)
- Bonds (District 4 & AAC)
- Church Purchase
