- Golf courses are now open for normal operating hours.
- Golfers still have the ability to play by walking with a pull cart or carrying their own bag.
- Only single riders in golf cars are permitted unless the individuals are cohabitating in the same home.

In addition to the changes in trail fee transactions, guests are temporarily not permitted to golf. Eliminating all money transactions at the Starter Shacks provide for enhanced protection as we all make extra allowances to fight the spread of COVID-19. FAQs for EXECUTIVE ORDER 20-112

Phase 1: Safe. Smart. Step-by-Step.

Plan For Florida's Recovery Post COVID-19 Emergency

GENERAL QUESTIONS

When did the Governor's Executive Order take effect? How long does it last?

The Governor's Executive Order takes effect Monday, May 4, 2020 at 12:01 a.m. and lasts until the Governor issues a subsequent order.

Is the "Safer at Home" Order over?

The Governor's [Executive Order 20-91](#), Essential Services and Activities is extended until 12:01 a.m. Monday, May 4, by Executive Order 20-111. At that point, Executive Order 20-112 will maintain limitations on the movements of persons except for those businesses and services that are currently open and those businesses that re-open at 25 percent building occupancy.

Does this order apply to all Florida counties?

This order is in effect statewide, however in coordination with Miami-Dade, Broward, and Palm Beach county mayors, these three counties will follow stricter protocol without the re-open provisions of Executive Order 20-112.

Is the Governor's Executive Order consistent with the President's Opening Up America Again Plan?

Governor DeSantis met with President Trump on April 28th to discuss this plan and the President was very supportive of Florida's efforts to take a safe, smart, step-by-step approach to re-open Florida. See President Trump's guidance here: <https://www.whitehouse.gov/openingamerica/>.

Does this executive order supersede local law?

The Governor's [Executive Order 20-91](#), limiting the movements of persons has been incorporated and modified in the new Executive Order 20-112 to include businesses currently open and certain businesses re-opening at 25 percent building occupancy. The Governor's Executive Orders do not contain a preemption on local rules where those rules restrict or close businesses or buildings.

When can we expect Phase 2 to start?

Once the Governor determines it is suitable to continue re-opening and after fully considering medical data in consultation with state health officials.

MEDICAL

Can I go to my doctor if it's not COVID-19 related?

Medical services, including elective procedures, surgical centers, office surgery centers, dental offices, orthodontic offices, endodontic office and other health care practitioners' offices may fully re-open. As a condition of resuming elective procedures, hospitals will be required to assist nursing homes and long-term care facilities in their efforts to protect the vulnerable.

However, they must maintain adequate bed capacity and PPE. They must also have the capacity to immediately convert additional surgical and intensive care beds in a surge situation and must not have received or sought any additional federal, state or local government assistance regarding PPE after resuming elective procedures.

FAQs continued for EXECUTIVE ORDER 20-112

May my business and its employees continue to operate remotely and provide delivery of our product?

Yes, all businesses are encouraged to provide delivery or pickup and to take orders online or by telephone.

Are there minimum health protocols that must be met to open my business?

Yes, the Governor's Executive Order 20-112 requires appropriate social distancing and limits groups to 10 people or fewer. Regulated businesses should adhere to agency guidance. Additionally, businesses should consult with the most up-to-date [Centers for Disease Control and Prevention \(CDC\) guidance](#).

What are the available Community Watch programs and how do I sign up?

As part of our effort to provide a safe community for residents, representatives of Community Watch are pleased to speak to resident clubs or organizations. We believe that part of our Mission Statement – To Provide a Safe Community for Residents of The Villages by keeping a watchful eye around the clock – is to inform and educate. Not only do we speak about the ways Community Watch help keep our residents safe, but also touch upon the ways the residents can be more diligent in keeping themselves and their homes safe.

One of our safety measures is our Open Garage Door program. If during their normal patrol our drivers notice an open garage door between the hours of midnight and 4:00 a.m., a call is made to Dispatch. If there is a phone number on file, the homeowner is contacted about the open door. While not all Villages are patrolled between the Open Garage Door timeframe every night, we have had nights where we have called upwards of 80 residents. While many residents express gratitude for our call, there are also some residents who prefer not to be woken up. For those residents who do not wish to receive a call when their door is open, we maintain a "Do Not Call List". If you would like to be added to this list, please contact us at (352) 750-8201.

If a resident does not answer, Community Watch goes into action, taking appropriate steps which may include contacting law enforcement. There is no charge for this program.

The House Check Program is a service provided for residents who are going to be leaving the area for more than seven days. Community Watch will check the perimeter of the house, checking all windows, doors and for packages left at the home. We will not enter the home, and it is recommended to have a local key holder. The current charge for this program is \$5.35 per week.

The Resident Out of Area (ROA) program is a service provided to any resident who is going to be leaving the area for more than seven days. One in five people will experience an actual mental illness during their lifetime but all of us will face challenges that will impact our general mental health. May 2020 is Mental Health month with the theme of Tools 2 Thrive. It is meant to provide some practical tools that everyone can use for improving their mental health and increasing resiliency regardless of the situations they are dealing with. We believe that these tools – even those that may need to be adapted for the short term because of COVID-19 and social distancing – will be more useful than ever.

This week, Own Your Feelings.

TIPS FOR SUCCESS

- **Allow yourself to feel.** Sometimes there are societal pressures that encourage people to shut down their emotions. Everyone has emotions-they are part of the human experience-and you have every right to feel them.
- **Don't ignore how you're feeling.** Most of us have heard the term “bottling up your feelings” before. When we try to push feelings aside without addressing them, they build strength and make us more likely to “explode” at some point in the future.
- **Talk it out.** Find someone you trust that you can talk to about how you're feeling. You may find that people are eager to share about similar experiences they've had or times that they have felt the way that you are feeling.
- **Try journaling.** Each night write down at least 3 feelings you had over the course of the day and what caused them. Just a few sentences or bullet points to help you practice being comfortable with identifying and expressing your emotions.
- **Consider the strength of your feelings.** By thinking about how intense your emotions are, you may realize that what you thought you were feeling at first could better be described by another word.
- **See a mental health professional.** If you are taking steps to be more in touch with your feelings, but are having trouble dealing with them, mental health providers like counselors and therapists have been trained to help. Some free or low cost options are also available. Your employer might have an Employee Assistance Program (EAP) that offers a limited number of free counseling sessions, and your Human Resources department can help you access this resource..

Construction Update

The Villages®
Community Development Districts
Property Management

Rainey Construction Company is tentatively scheduled to begin resurfacing roads in the following areas-

- **Fairlawn Villas** - May 18, 2020

Dates may be adjusted due to unforeseen circumstances, including weather.

Everything possible will be done to minimize your inconvenience. For the SAFETY of our crews and all residents, we ask that you reschedule any work or deliveries to your Villa until the paving is complete as they may be denied access. Only residents and emergency vehicles will have immediate access during the construction.

PLEASE DO NOT run your irrigation, wash your vehicle or empty your pool during the week, as it will increase the work time.

ALL vehicles and trailers must be parked OFF of the roads and the overflow parking areas must be empty, as to not impede the work.

Please be advised that newly paved roadways will take approximately one hour to cure and should not be driven on while hot! Driving before this time could result in tracking asphalt onto your driveway and damaging the new roadway.

If you must travel through the construction, PLEASE drive slowly and watch for and listen to directions provided by the contract workers.

Our goal is to give you a new road that will last a maximum life with the LEAST amount of inconvenience. Your cooperation is GREATLY APPRECIATED. If you have any questions during the work there will be someone on site to help. For additional information, please contact District Property Management at (352) 753-4022.
