Executive Golf

Some much needed rainfall in June has relieved the courses of drought stress. There has been 4 + inches already this month. Also June is the start of hurricane season. It is extremely important to be prepared with hurricane emergency plans and understand there may be frequent weather pattern changes up until the end of November.

Summer aerations have started on the Executive courses. These scheduled closures are a vital practice for the overall health of the grass plant. Please visit our Executive Golf page on www.DistrictGov.org to view the summer closure dates.

During this time of Covid-19, adjustments were made for not only the safety of our residents, but also for our staff. The actions included removal of cooler systems, removal of bunker rakes, inserts in the pins and moving to a cashless system. At this time, guests are not permitted on Executive Courses through June. Please look for any updates on www.DistrictGov.org.

De La Vista Executive Course will soon begin a fairway renovation project. The fairways of holes 5 and 7 will be smoothed out and re-grassed. This will provide a great new playing surface for golfers to enjoy.

Happy Golfing!

TURF TIP:

Mechanical Aeration

This is a mechanical method of removing cores of compacted soil from heavily trafficked compressed areas of your playing surfaces. This is completed at various times of the year to aid in root system development and promote good grass health. A quality top dressing material such as sand is then filled into holes for a new growth medium for roots to spread and develop. This also allows for a smoother putting surface to play from until healed.

Living with Wildlife in Florida

Florida is home to an amazing array of wildlife, many of which are protected by Federal or State laws and regulations. From birds and fish to reptiles, Florida has it all. Florida's wildlife and human populations are encountering each other more often than ever before. As people develop more open space and wildlife habitat is reduced and fragmented, conditions are often created which force wildlife and human interactions. Such contacts between people and wildlife can result in conflicts if you aren't careful.

Help keep wildlife wild and healthy. Wildlife Services encourages you to avoid feeding wildlife such as ducks, geese, gulls, snakes and alligators. One way you can help reduce wildlife conflicts with people is by not feeding wildlife near human populations and in parks.

Villa Road Maintenance

Rainey Construction Company is tentatively scheduled to begin resurfacing roads in the following area-

- **Greenbrier Villas-** July 6, 2020
- **Cameron Villas-** July 13, 2020

Dates may be adjusted due to unforeseen circumstances, including weather.

Everything possible will be done to minimize your inconvenience. For the SAFETY of our crews and all residents, we ask that you reschedule any work or deliveries to your Villa until the paving is complete as they may be denied access. Only residents and emergency vehicles will have immediate access during the construction.

PLEASE DO NOT run your irrigation, wash your vehicle or empty your pool during the week, as it will increase the work time.

ALL vehicles and trailers must be parked OFF of the roads and the overflow parking areas must be empty, as to not impede the work.

Please be advised that newly paved roadways will take approximately one hour to cure and should not be driven on while hot! Driving before this time could result in tracking asphalt onto your driveway and damaging the new roadway.

If you must travel through the construction, PLEASE drive slowly and watch for and listen to directions provided by the contract workers.

Our goal is to give you a new road that will last a maximum life with the LEAST amount of inconvenience. Your cooperation is GREATLY APPRECIATED. If you have any questions during the work there will be someone on site to help. For additional information, please contact District Property Management at (352) 753-4022.

ASSEMBLE DISASTER SUPPLIES.

Assemble Disaster Supplies
Make a list of items to replenish your hurricane supplies and begin to assemble them before hurricane season begins. Have enough food and water for each person for at least three days. Be sure to fill your prescriptions and have medicine on hand. Radios, batteries and phone chargers are also must-haves. Gas up your vehicle and have extra cash on hand.

 Food/Water  Medicine  Batteries, Radio, Chargers

 Gas Up  Cash on Hand

While preparing for hurricane season, follow the latest health guidelines from the CDC and your local officials.

You're going to need supplies not just to get through the storm but for the potentially lengthy and unpleasant aftermath. Have enough non-perishable food, water and medicine to last each person in your family a minimum of seven days. Electricity and water could be out for at least that long. You'll need extra cash, a battery-powered radio and flashlights. You may need a portable crank or solar-powered USB charger for your cell phones. The CDC recommends if you need to go to a public shelter, bring at least two cloth face coverings for each person and, if possible, hand sanitizer. (Children under two years old and people having trouble breathing should not wear face coverings).

Do You Know?

Do you know how many lightning flashes there are in the state of Florida each year?? The average number of lightning flashes in Florida each year is 1,189,873! In 2019, The Villages Public Safety Department responded to 23 reports of lightning strikes. So far in 2020, there have been 3 reports responded to by The Villages Public Safety Department.

Next week, June 21, 2020 - June 27, 2020, is Lightning Awareness Week and there are several resources available to learn more about lightning safety! The following information is provided by The National Weather Service.

*There is no safe place outside when thunderstorms are in the area. If you hear thunder, you are likely within striking distance of the storm. Just remember, **When Thunder Roars, Go Indoors.** Too many people wait far too long to get to a safe place when thunderstorms approach. Unfortunately, these delayed actions lead to many of the lightning deaths and injuries in the United States.*

Re-Opening Florida: Phase 2

On June 5th, Florida entered Phase 2 of Governor DeSantis' reopening plan. The **Safe. Smart. Step-by-Step.** plan sets forth minimum recommended health protocols. Individuals and businesses should adhere to all public guidance by federal, state and local officials, including state regulatory agencies.

INDIVIDUALS

Vulnerable Populations:

Individuals older than 65 years of age and individuals with a serious underlying medical condition (such as chronic lung disease, moderate-to-severe asthma, serious heart conditions, immune-compromised status, cancer, diabetes, severe obesity, renal failure and liver disease) **should continue to stay at home**. When leaving the home, these individuals should follow social distancing and other general mitigation guidance. Those living with vulnerable individuals should be aware of the exposure risk that they could carry the virus back home

Social Gatherings:

All individuals should continue to maximize physical distance from others in public, particularly in enclosed environments. Individuals should avoid socializing in groups of more than 50 people in circumstances that do not readily allow for appropriate social distancing of at least 6 feet.

What is Phase 2?

- Bars are opened but limited to 50% capacity indoors, with unlimited outdoor capacity.
- Movie Theaters, Bowling Alleys, and Concert Venues allowed to open at 50% capacity.
- Gyms and Retail Businesses may operate at full capacity
- Restaurants may allow bar-top seating as long as customers follow social distancing.

The Villages®

Community Development Districts

Risk Management

- Personal service businesses, tattoo studios, places that practice acupuncture, tanning salons, massage establishments may operate. These businesses, however, must follow guidelines issued by the state health department.
- Individuals may resume non-essential travel.
- In-person quorum for local government bodies should resume, allowing no more than 50 people in attendance, as long as social distancing guidelines can still be maintained.
- Theme parks may consider re-opening with capacity limits, strict social distancing and proper measures to clean and disinfect.
- All state parks should be opened for daytime use. Some facilities within state parks—including overnight accommodations, pavilions, interpretive programs, any large group activities or events—will remain closed.

Phase 3 will begin after the successful conclusion of Phase 2, which includes a downward trajectory of the syndromic and epidemiology criteria while maintaining adequate health care capacity. This will occur when there is no evidence of a rebound or resurgence of COVID-19 cases and satisfies the benchmarks outlined in this Safe. Smart. Step-by-Step. plan.

KEEP FOLLOWING CDC GUIDELINES:

Wash your hands often with soap and water for at least 20 seconds, avoid touching your eyes, nose, and mouth with unwashed hands.

Avoid close contact with people who are sick, even inside your home. Put distance (at least 6 feet) between yourself and other people outside your home.

Cover your mouth and nose with a cloth face mask when around others. You can spread COVID-19 to others even if you don't feel sick. Everyone should wear a mask when they are out in public.

The Villages®
Community Development Districts
Risk Management

Cover coughs and sneezes with a tissue, if one is not available use the inside of your elbow. **THROW USED TISSUE AWAY**. Immediately wash your hands, or hand sanitizer.

Clean and disinfect frequently touched surfaces daily. Including: tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks.

Monitor your health. Be alert of symptoms. Watch for fever, cough, shortness of breath. Especially important if you are running essential errands, going into the office or workplace, and in settings where it may be difficult to keep a physical distance of 6 feet. Follow CDC guidance if symptoms develop.

Preventative maintenance is occurring on the potable water system field valves throughout many areas of The Villages. Those customers serviced by Village Center Service Area (VCSA), Little Sumter Service Area (LSSA) and North Sumter Utilities (NSU) that will be impacted will be notified 24 hours in advance of a temporary interruption in service and will receive the following notification:

THE PUBLIC DRINKING WATER MAINS IN YOUR AREA WILL BE SHUT DOWN TEMPORARILY FOR NEEDED MAINTENANCE.

*AS A PRECAUTION, UPON RETURN OF WATER SERVICE, WE ADVISE THAT ALL WATER USED FOR **DRINKING, MAKING ICE, AND COOKING BE BOILED**, **FOR ALL OTHER HOUSE HOLD USES THE WATER IS ACCEPTABLE**. A ROLLING BOIL OF ONE MINUTE IS SUFFICIENT. AS AN ALTERNATIVE, BOTTLED WATER MAY BE USED.*

THIS "PRECAUTIONARY BOIL WATER NOTICE" WILL REMAIN IN EFFECT UNTIL THE MAINTENANCE TASK HAS BEEN COMPLETED AND A BACTERIOLOGICAL SURVEY SHOWS THAT THE WATER IS SAFE TO DRINK. THIS USUALLY CONSISTS OF A TWO DAY SAMPLING PERIOD TO INSURE SAFE DRINKING WATER.
