Community Watch

The Villages Inaugural National Night Out was a huge success! The event occurred on October 6, 2020. The event was held to increase awareness about first responder programs in the area. While also showcasing the work relationship that The Villages has with Florida Highway Patrol, Fruitland Park Police Department, Lady Lake Police Department, Lake County Sheriff's Office, Marion County Sheriff's Office, Sumter County Fire Services, Sumter County Sheriff's Office and Wildwood Police Department. The event was organized by Community Watch Chief Nehemiah Wolfe.

The event consisted of a caravan of a representative from each of the mentioned partnership agencies, including The Villages Public Safety and AMR ambulance service. The caravan route visited the three squares. There was a fantastic turn-out of residents and employees along the route cheering and holding signs of appreciation encouraging the first responders. The caravan ended at the Paddock Square in Brownwood where the residents were able to participate in a meet and greet with partners and Community Watch while practicing safe distancing.

Thank you to everyone who participated and those who show up to support the event. You are the reason it was a success.

The Villages®

Community Development Districts
Risk Management

In 1984, October was designated as Crime Prevention Month through a Presidential proclamation. Since then, the National Crime Prevention Council (NCPC) has been working with local law enforcement, government agencies, civic groups, schools, businesses, and other organizations to help them spread the word about crime prevention and personal safety.

NCPC's official kick-off of Crime Prevention Month is a celebration of McGruff the Crime Dog®, America's beloved crime prevention icon who—with NCPC—has led our nation's efforts to help people keep themselves, their families, and their communities safe from crime for **40 years**.

Since he first appeared in 1980, his message has been to urge everyone to do their part to “Take A Bite Out Of Crime®.”

October has become the official month for recognizing and celebrating the practice of crime prevention, while promoting awareness of important issues such as victimization, volunteerism, and creating safer, more caring communities. The month-long celebration spotlights successful crime prevention efforts on the local, state, and national level.

Here are a few practical crime prevention tips that are good reminders for everyone.

- ◆ Always carry a cell phone or other communication device with you when you are out by yourself
- ◆ If you go walking or running, always do so in well-populated areas and during daylight hours
- ◆ If you are ever approached by a person attempting to rob you, **don't** put up a struggle. Your life is far more important than a cell phone or other electronic gadget!
- ◆ Never leave items in your vehicle in plain view. Car thieves will often break into your vehicle for an item that has a mere dollar value.

The Villages®
Community Development Districts
Risk Management

- ◆ Always lock your vehicle, even when parked in your own driveway or parking space.
- ◆ Try not to carry large sums of cash on your person.
- ◆ Park in well-lit, busy areas. Avoid leaving your vehicle in unattended parking lots for long periods of time when possible.
- ◆ Even though you are rushed and thinking about a thousand things, stay alert of your surroundings.
- ◆ Be extra cautious about locking doors and windows when you leave the house, even for a few minutes.
- ◆ Lastly but most important, when in doubt, call **911**.

This year Crime Prevention Month is spotlighting a few important topics:

Take a stand against counterfeits during Crime Prevention Month by helping NCPC and the United States Patent and Trademark Office raise public awareness about the dangers of counterfeit products.

Most people want to find the best deal shopping, especially when they can easily compare prices online. Little do they know they could end up paying twice because of shoddy goods. They could even pay with their lives in the case of electrical fires if what they bought is counterfeit.

Learn more at : www.ncpc.org/GoForReal

AT&T and NCPC are teaming up to help raise awareness about social engineering scams in a new public education campaign with the call to action – Don't Take The Bait – Validate! As fraud concerns are heightened during the global COVID-19 pandemic, the campaign aims to help empower consumers to outsmart fraudsters by protecting their PINs, passwords and personal information from incoming callers who may not be who they say they are.

The Villages®
Community Development Districts
Risk Management

Fraudsters use social engineering tactics to trick consumers into sharing confidential and personal information. They are skilled con artists who impersonate government, community, and business officials such as law enforcement, local charities, and service providers. Once fraudsters have someone's personal information, they can use it to make unauthorized purchases, drain financial accounts or even steal someone's identity.

To learn more, visit www.ncpc.org/fraud

⇒ You can support violence prevention efforts by helping NCPC educate people young and old about the steps we can all take to protect ourselves and our neighborhoods – because everyone's safety depends on it.

A Reminder from Sumter County Sherriff Department:

“Be a part of the #9PMRoutine”

Lock your doors and secure your valuables, everyday at 9 PM.

Frequently Asked Questions and Answers

The Villages® Community Development Districts Customer Service

I lost my Villages ID. How do I get a new one?

Please contact the District Customer Service Center at 352-753-4508 to make an appointment. There are two locations to choose from: 984 Old Mill Run in Lake Sumter Landing or 4856 South Morse Boulevard just south of SR 44. There are two options to replace your ID. You can receive a free temporary 30 Day ID which will give you an opportunity to find your original ID. If you prefer not to get a temporary card, we can replace your ID with a new permanent card.

Lost, stolen, or damaged Villages Resident ID cards will be replaced for a \$15.00 charge. A new resident ID number will be issued and a new photo will be taken each time a new ID is issued.

How do I replace my gate cards?

Please contact the District Customer Service Center at 352-753-4508 to make an appointment at one of the Customer Service Center locations. Bring any remaining gate cards you still have issued to your home as they are issued in sets of two. We will deactivate the missing card(s). If the missing card is part of a set, the set will be deactivated. We will issue you a new single card or a set of cards. It will cost \$15.00 to replace the missing card.

*Masks are required for all appointments at all District Administrative offices, due to the nature of the transactions being less than 6 feet apart.

Information Provided By SECO

KEEP IT CLEAR – WE WORK HERE

SECO personnel routinely perform work on transformers and meters on members' property. Field employees find it challenging to safely access padmount transformers and underground facilities when shrubs or fencing have been placed surrounding the front and sides of the equipment. The clearance zone is 10 feet in front and 3 feet on the sides and back of equipment. On meters, SECO needs unobstructed access to read the face and perform work safely. In maintenance and outage situations, the obstacles cause the work to take longer than necessary and most important, pose safety risks to our employees and can cause readings to be estimated rather than actual - resulting in an inaccurate electric bill.

Per our Terms & Conditions, these obstructions are simply unacceptable, and SECO is taking a firm stand on such violations. To raise awareness the co-op developed a new communications campaign called [Keep It Clear – We Work Here](#). The campaign renews SECO Energy's commitment to employee safety in the field.

Keep fences, shrubs and other lawn ornaments at least 10 feet away from the front of the transformer and three feet away from the back and the sides. Open gates, clear obstructions and relocate animals that restrict SECO access to metering equipment. Trim landscaping that blocks the meter face. If SECO is unable to obtain a clear view of the meter and record an accurate meter reading, the member may receive an estimated (and inaccurate) bill for that reading cycle.

In the spirit of customer service, SECO has practiced diplomacy and patience with members who have refused to comply with our safe clearance requirements. The Keep it Clear campaign changes our approach. Unimpeded, safe access to SECO's transformers and metering equipment is a necessity.

As SECO personnel conduct equipment audits across our service territory, members with equipment obstructions on their property will be required to clear the obstructions or trim the landscaping that impedes SECO personnel's safe access. The Keep it Clear campaign provides affected members with letters, door hangers (see the next page), emails and other notifications advising of the need for obstruction removal. If those notices are ignored, disconnection of service is a last resort but a step that will be taken in extreme cases.

The vast majority of our members follow the clearance rules and respect the reasoning. If you are planning a landscape project, please be sure to maintain that compliance. If you buy a house in SECO's service or if the service is in your name as the renter, you bear responsibility for access to the electric equipment on the property. Thank you for your part in keeping SECO employees safe by ensuring access to SECO's electric equipment.

Information Provided By SECO

**KEEP IT CLEAR
WE WORK HERE**

During a recent equipment audit in your neighborhood, the technician was unable to access the transformer/meter on your property due to obstruction(s) such as fences or shrubbery blocking safe access. SECO Energy's Terms and Conditions of Service Section 207.3 Item B requires members to provide clear access to SECO's equipment.

Obstructions impede restoration during power outages and are a safety hazard to our employees and contractors. Remove all obstruction(s) from the transformer/meter to allow safe access. Once you remove the obstruction(s), please email photos of the cleared area around the equipment to ESS@secoenergy.com.

Refusal to comply will result in disconnection of service. See the reverse side for clearance guidelines.

Thank you for your cooperation.

TRANSFORMER CABINET OBSTRUCTION

Remove fences, shrubs, plants, trees and other obstructions located within ten feet from the front and three feet from each side of the transformer/switch cabinet.

METER OBSTRUCTION

Remove or trim shrubs, plants and trees to allow safe access to the meter. Relocate fences or animals, unlock or open gates to allow SECO employees and contractors access to the meter. SECO will estimate billing usage/meter reads until this situation is resolved.
