District 4 Q&A Meeting

Monday, April 4, 2022

This month's Question & Answer meeting will be hosted by Jim Murphy, Chairman of the District 4 Board of Supervisors, who was one of the first three residents to be elected to serve on the District 4 Board in 2005, 17 years ago.

NOTE: For HEALTH reasons, the following precautions will be taken at the meeting:

- Attendance will be limited
- Chairs will be spaced apart for social distancing
- Masks will be encouraged, but not required

The purpose of these informal meetings is to provide ALL residents with the opportunity to get together, make friends, ask questions, get answers, share concerns, offer suggestions, seek solutions, and address rumors.

In order to improve communications, each month residents have an opportunity to “chat” with one of the five Supervisors of District 4. Residents are able to sit down together to discuss any topics they would like pertaining to District 4.

These “Q&A Meetings” provide an informal setting with no agenda, no scheduled speakers, no topic limits, no time limits and no microphones.

- All meetings are held at **Mulberry Grove Recreation Center**.
- Meetings begin at **7:00 PM** and end at 9:00 PM.
- Residents are invited to attend the entire meeting to listen to other residents' questions, but each resident may arrive and depart on their own schedule.
- Because residents choose the topics, each meeting will be different.

Why attend a Q&A? For nearly 5 years, District 4 has been providing informal, evening-time opportunities for YOU to meet and discuss whatever is on your mind regarding the day-to-day operations of The Villages. Q&A's offer an opportunity that very few Villagers get to enjoy. Join us this month and become more involved in your ever-changing local community!

TOPICS discussed at previous District 4 Question & Answer Meetings have included:

- Amenity Authority Committee (AAC)
- Architectural Review Committee (ARC)
- Budget, Finance & Fees (District 4 & AAC)
- Community Watch & Gates
- Deed Restrictions, Violations, Compliance
- Dog Parks
- Executive Golf & Trail Fees
- Fire & Ambulance Services
- First Responders Recreation Center
- Postal Facilities
- Landscaping, Fences, Walls
- Law Enforcement
- Multi-Modal Paths (MMP)
- Recreation, Parks & Clubs
- Road Maintenance
- Water, Sewer & Trash Utilities
- Weather Issues
- YOUR CHOICE OF OTHER TOPICS?

Community Watch stresses the importance of safety in the dark

Once again, Community Watch would like to remind everyone of the importance of being seen at night and in the early morning hours. With the recent time change, it's still dark out later in the morning and visibility is greatly reduced. Community Watch patrol drivers see many residents outdoors at night and early in the morning getting their walking, jogging and bicycling done while it's cooler. Many residents also use the hours before sunrise or after sunset to walk their dogs. Many of these dog walkers, joggers and bicyclists are often wearing dark clothing with no reflective apparel. Unfortunately, this makes it very difficult to see them — especially with foggy or rainy weather.

We, at Community Watch, along with our friends at The Villages Public Safety Department, encourage healthy outdoor activities but want to stress the importance of doing them safely. To help achieve that, Community Watch is continuing its complimentary reflective slap band campaign and Patrol Drivers will be handing out the reflective bands pictured below. The slap bands can be worn on your wrists or ankles and will help drivers see you in the darkness.

Reflective slap bands can also be picked up at the following locations Monday – Friday from 8:00 AM to 5:00 PM:

- The Community Watch Office at 1135 Bonita Blvd., The Villages, FL.
- The District Customer Service Center at 984 Old Mill Run, The Villages, FL.
- The District Customer Service Satellite Office at 4856 South Morse Blvd., The Villages, FL.

Community Watch stresses the importance of safety in the dark

We also encourage you to look into reflective or lighted LED vests — as shown below — if you spend time outdoors at night or early in the morning. We do not endorse any specific brand, but we do support the concept of safety. These reflective and lighted LED vests pictured below are gaining in popularity and can also be purchased for your pets.

Safety is everybody's responsibility. If you enjoy outdoor activities, please refrain from wearing dark clothing, and instead opt for attire that will stand out in the dark. Think safety first by wearing white or light-colored clothing, reflective or lighted vests, and of course, Community Watch's free-of-charge reflective slap bands.

For questions or information on how to receive one of our reflective slap bands, please call Community Watch Dispatch at 352-753-0550 day or night, or email us at CommunityWatch2@Districtgov.org.

Gate Safety

The gates in our community serve a valuable purpose to slow traffic flowing into neighborhoods from higher-speed roads. At this time of year, we see an increase in traffic on our roads and an increase in the number of gate arms that are struck by vehicles. The most common cause of these gate strikes is excess vehicle speed. Sometimes it is a motorist that fails to slow enough to allow a gate arm to open fully — while other times it is a motorist who punches the button or quickly runs their card without slowing to observe the gate arm responding to their action.

When a motorist slows, it allows time for a gate arm to open and it allows time for those passing behind the gate area to observe, respond and cross safely.

- The speed in each gate area is **5 MPH**.
- Entering vehicles should stop at the gatehouse or the card reader.
- To enter, you may press the red button or swipe your gate card for the gate arm to raise.
- Watch to see the **gate arm respond when you press the button or swipe your card and never go by the beep or the light of the card reader**.
- Never follow closely behind another vehicle, bike, or golf cart without activating the gate arm for yourself.
- As a vehicle passes under the open gate arm, a sensor sends a close signal to the arm and the gate arm comes down.
- **If you run your card or press the button before the previous vehicle has completely passed under the gate arm, you risk your card or button not being read and the gate may close.**
- **If you wait for the previous vehicle to pass the gate arm and then run your card or press the button, you can watch to see the arm respond to your card or the button by opening and you may proceed.**

Information Provided By...

Gate Attendants:

- The gate attendant controls the gate arm in the visitor lane. They welcome all who pass in either lane and are available for directions, should you need them.
- When entering the visitor lane, stop and **wait for the attendant to signal you through**.
- If there is no attendant present due to scheduling, a card reader is available and you can **press the red button for entry**.
- In the resident lanes, there is a red button located on the card reader for entry as well.

Who has the right of way?

- Vehicles (and bicycles) entering our gate areas via the road have the right of way.
- Vehicles, bicycles and pedestrians on the multi-modal path must yield to the vehicles entering or exiting our gates via the roadway.
- When on the roadway, please do not stop for those crossing on the multi-modal in the gate areas. By stopping and allowing those on the multimodal to cross the roadway, you may cause an accident. You have the right of way.
- By stopping after passing through the gate for the golf carts crossing the road on the multi-modal path, you risk the gate arm lowering onto your vehicle or the vehicle behind you. Keep going — you have the right of way.

Information Provided By...

If an accident happens in a gate area:

- **Call 911 if it is an Emergency.**
- Please contact Community Watch when a gate arm is struck so the gate arm can be observed and repaired if needed.
⇒ **Community Watch: 352-753-0550**
- **All gate areas have 24/7 camera surveillance.**
- When a gate is damaged, the incident is recorded and reviewed by Risk Management to determine if the gate was working properly and if so, the responsible party is invoiced.
- Any unreported incidents involving District property damage are reviewed by law enforcement, information exchanges are provided and the District invoices the responsible party.
- The minimum fee for damage to a District gate is \$250, per board resolution 17-08.
- **You are required by law to report an accident involving damage to property.**

Fact: The majority of golf cart gate hits go unreported and the District is unable to collect for damages done by those who choose not to report.

Please:

- **Slow down to 5 mph when entering gate areas.**
- **Reduce your speed to 5 MPH when exiting gates.**
- **Always stop and press the red button or swipe card when entering.**
- **Allow the gate arm to extend up all the way before passing under.**
- **Watch for the gate arm to respond to your action when pressing the button or using a card.**
- **Never attempt to go around the arm when it is lowering or when it is fully lowered (such as on bicycles or scooters).**

Fishing Information

Florida is conducive to year-round fishing which makes The Villages a perfect community to offer ample fishing opportunities for those who wish to wet a hook and line. To ensure your fishing experience is enjoyable, it is important to know the rules and regulations for fishing these water bodies. The Villages Community Development Districts and the State's Water Management Districts oversee and manage many of the water bodies located throughout The Villages community. These water bodies serve several purposes for the community and also provide anglers fishable areas for their recreational enjoyment. Visit our website at DistrictGov.org for a complete set of fishing guidelines and map of local fishing areas.

Can I park a truck or recreational vehicle (RV) on the street?

The District's Adopted Rule (Rule) for **home** units states: No trucks over $\frac{3}{4}$ ton size, boats, or RV shall be parked, stored, or otherwise remain on any lot or street except for service vehicles located thereon on a temporary basis while performing a service for a resident.

What does that mean?

If a vehicle is parked in the street and does not meet the aforementioned criteria, there would not be a violation of the Rule. However, if a resident is parking a vehicle in excess of $\frac{3}{4}$ ton in size, a boat, or an RV in the street, it would be a violation of the Rule and the Community Standards Department would follow the process of bringing the property into compliance.

What happens if a resident parks an RV on the street, moves the vehicle, brings the vehicle back, and then moves it again?

Each District Board has adopted their Rule to address this type of situation. The Rule states:

The term "Re-Occurring Violations" means a violation of a provision of the Rule by an owner who has been previously notified to have violated the same provision of the Rule within twelve (12) months prior to the current violation. If the Community Standards Department receives a complaint regarding a re-occurring violation, staff is not required to provide the owner a reasonable time to correct the violation. Instead, staff would send a notification of a public hearing to be held before the District Board of Supervisors within the district they reside in. The case may be presented to the Board even if the re-occurring violation has been corrected prior to the public hearing. If the re-occurring violation is brought into compliance prior to the public hearing, the Board may make a finding of guilt but shall not impose a fine.

If you have any questions, please contact the Community Standards Department at 352-751-3912.

Did You Know??

What is the Neighborhood AED Program?

By training volunteers, purchasing an Automated External Defibrillator (AED) and tying into the 911 system, neighbors can become first responders to rescue fellow neighbors. Each responder would have a ReadyAlert paging service. When a cardiac arrest occurs, a call is made to 911. Once the 911 operator determines the nature of the emergency to be a cardiac arrest, the system would dispatch the AED group (in addition to medical personnel) via ReadyAlert. While one or more responders would go immediately to the home, others would go to the AED unit and take it where needed. The AED is stored in a locked cabinet located in the neighborhood and all responders have keys. Currently, there are over 195 AED groups in The Villages community.

What do I do if my neighborhood wants to participate in the Neighborhood AED Program?

Contact Lieutenant/Emergency Resource Specialist Lt. John Longacre by phone at 352-205-8280 or by email at john.longacre@districtgov.org.

The Villages® Community Development Districts Property Management

The wall behind my house is covered with mold. How do I get it cleaned?

Your Declaration of Restrictions stipulates who is responsible for maintaining the wall or fence on your property. You can download them from DistrictGov.org. If you're still unclear, please call District Property Management at 352-753-4022 for assistance.

What can I do if I notice the plants and flowers are dying at my gate entrance?

Each year District contractors replace millions of seasonal and ornamental plants throughout The Villages. Because of these quantities, all material is contract grown or acquired by reputable growers to ensure a consistent product. At times, some plants may decline prematurely. This can be caused by wet or dry conditions, temperature changes, or simply outliving its intended lifespan. We are continuously monitoring all Districts and planning and scheduling these improvements. If you see an area in need of attention, please contact District Property Management at 352-753-4022.

Vial Of Life for Sumter County Residents

The "Vial Of Life" program is designed to provide needed information to emergency personnel in situations where you are unable to do so. The information in the vial should include medical history, medications and dosage, doctor's name, emergency contact numbers, hospital preference, and other information.

The container is located in your refrigerator within your house. This location is used as it is a common appliance in all homes and the contents of a refrigerator remain undamaged during a fire. Law enforcement, Fire Departments and Emergency Personnel are trained to look for the "Vial Of Life" in your refrigerator.

If you would like to participate in this program, please contact:

Theresa Cooper at The Villages Annex District Office (352) 689-4600 or
Beth Hunt at SCSO Headquarters in Wildwood at (352) 569-1600.

To view the Vial of Life form, please click the following link — [Vial of Life form](#). Complete one form for each member of your household. Try to provide as much detailed information as possible on the medical history and medications. **Use the back of the form if extra space is needed.** Place the forms in the Vial and place it on the **TOP SHELF** of your refrigerator. Remember to update the information on your forms when your medications or health changes.

For more information on the Vial of Life program, please click the following link — [Vialoflife.com](#).

Did You Know??

Did you know that each lot in The Villages is assigned two specific days of the week to irrigate? It is important to follow this schedule to prevent overwatering the common areas between homes and to ensure that there is adequate pressure on the system available for everyone who is scheduled that day.

A ‘flood’ of information on irrigating is available online at thevillageswaterwisdom.com. Information including details on Florida Friendly Landscaping, how much water you really need to use and when your lot is scheduled for watering are all at your fingertips.

Residents in the **Lake County portion of The Villages** (with the exception of District 11) must comply with the restrictions of the St. John's River Water Management District.

Eastern Standard Time			
Lake County	Addresses ending in 0, 2, 4, 6, 8	Sunday	12 am to 10 am and 4 pm to 12 am
Lake County	Addresses ending in 1, 3, 5, 7, 9	Saturday	12 am to 10 am and 4 pm to 12 am

Daylight Saving Time			
Lake County	Addresses ending in 0, 2, 4, 6, 8	Thursday and Sunday	12 am to 10 am and 4 pm to 12 am
Lake County	Addresses ending in 1, 3, 5, 7, 9	Wednesday and Saturday	12 am to 10 am and 4 pm to 12 am

The following is a summary of the restrictions:

- Lawn watering depends on whether you have an odd or even-numbered address, and the time of year.
 - ⇒ **Daylight Saving Time:** Second Sunday in March until the first Sunday in November.
 - ⇒ **Eastern Standard Time:** First Sunday in November until the second Sunday in March.
- Watering may only occur before 10 AM or after 4 PM on the scheduled days.
- Water for no more than one hour per zone.
- Certain exemptions are available, such as allowances for new plant material.
- There are no restrictions on fountains, car-washing and pressure washing. However, it is important to be as efficient as possible, such as using a shut-off nozzle on the hose, so water isn't wasted.

Did You Know??

Residents in the Sumter, Marion and Fruitland Park portions of The Villages must comply with the SWFWMD's year-round conservation measures.

The year-round conservation measures allow for twice-per-week watering, which gives residents additional flexibility in determining when to water. Residents are encouraged to water only if their lawn and landscape needs it and turn off their irrigation system if it has rained or if rain is predicted in the next 24 hours. Some of the signs that a lawn needs water include blades folded in half lengthwise, footprints remaining on the lawn for several minutes after walking on it, and the top few inches of soil being dry.

ARCHITECTURAL REVIEW COMMITTEE

Village Community Development District No. 2 (District 2), No. 7 (District 7) and Village Center Community Development District for the Lady Lake / Lake County portion of The Villages north of County Road 466 are seeking alternate members to serve on the Architectural Review Committee.

The alternate applicant must be a full time resident of the District they are applying for and have lived in The Villages for at least one year. Candidates are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, landscaping, county code enforcement, etc.; however, this is not required. The Committee meets weekly, on Wednesdays at 8:00 AM for approximately 2-4 hours.

The required attendance for the alternate member is to attend an Architectural Review Committee meeting each week for four (4) weeks and then monthly thereafter.

If you are interested in becoming an alternate member on the Architectural Review Committee, complete the application by clicking one of the following links: [District 2 Primary Application](#), [District 2 Alternate Application](#), [District 6 Application](#), [District 10 Application](#), [Lady Lake /Lake County Application](#) and returning it to the Community Standards Department, 984 Old Mill Run, The Villages, Florida.

Section 112.3145(7)(g), Florida Statutes requires that Architectural Review Committee members must complete and submit a Statement of Financial Interests (Form 1) at the time they are appointed to the Architectural Review Committee.
