## Information Provided By...

Hurricane season is well underway. As of July 14, 2022, there have been 3 named tropical storms in the Atlantic Basin this year.

The best thing a person can do is to be prepared for at least one storm per season. You should be personally prepared as well as assisting family and friends with preparations. Preparedness involves your home and your well-being. If you leave the area during the summer, take in all loose lawn items before you go. Wind chimes and bird feeders can become projectiles in inclement weather. These items could damage your house or your neighbor's house.

Make sure you have non-perishable food items, water, essential documents, flashlights, a battery back or other means of charging your cell phone, NOAA weather radio, and any supplies needed for your pet. Plan on having enough food, water, and other supplies to last seven (7) days—purchase bottled water instead of 1-gallon jugs. A 24-pack of 16.9 oz bottles equals 3.3 gallons of water. The smaller bottles are easier to handle and reduce the chance of spilling a larger container and losing water. Along with the food items, have a non-electric can opener, paper plates, napkins, plastic cups, and utensils.

## Information Provided By...

Make copies of your important documents: Insurance cards or policies, medical records, bank numbers, a set of house and car keys. Take photos or videos of the interior, exterior, and contents of your home. These items should be kept in a waterproof container.

The State of Florida provides an informative website to help you create a plan for yourself and your loved ones — [FloridaDisaster.org/planprepare](http://FloridaDisaster.org/planprepare). This website also has many helpful resources for preparedness.

Lake, Marion, and Sumter counties all have an alerting service. These alerting services are used for emergency notifications. During hurricane season, the counties can send out storm updates to your home phone, cell phones, and emails. These updates will give guidance on the current conditions of the storm.

To sign up for the emergency alert program with the county you reside in, please see the following links:

[Lake County emergency alerts](#)

[Marion County emergency alerts](#)

[Sumter County emergency alerts](#)

To summarize, it's best to prepare for the worst possible scenario so that you're properly equipped for anything coming your way. In doing this, you help with the resiliency of your community. Hurricane season is from June 1st to November 30th each year, but disasters can occur at any time or place.

## FEMA Modernizes Mobile App to Increase Accessibility and Improve User Experience

On June 30, 2022, FEMA announced that it has updated its mobile app — in English and Spanish — to give users increased personalization options and help them take charge of disasters. Downloading the app now is especially important as we enter peak hurricane and wildfire seasons.

The app is designed to be a tool that empowers survivors with the information they need to make informed disaster decisions. With this app, you will:

- **Be Informed.** Get the information you need to make disaster decisions for your family.
- **Access your disaster toolkit.** The FEMA resources you need are always in hand.
- **Personalize your app experience.** Get preparedness information, alerts, sheltering and assistance information specifically tailored to your location.
- **Feel in control.** Use the FEMA App to understand how to prepare for a disaster and where to go during one. Customize the information you receive so it's always just a click away.

Current users will need to update their app and enter profile information but will not need to re-download it to access new features. If you haven't downloaded the app yet, do it today and be better prepared for disasters! Learn more by watching the [FEMA App animation](#) or by visiting their website — [FEMA Mobile Products](#).

The FEMA App  
can help you  
Plan.  
Protect.  
Recover.

## DISTRICTS THAT PROHIBIT LAWN ORNAMENTS & YARD ART

- District 3 (with the exception of Units 33, 34, 35, 36, 37, 42, 43, 608, 609, 610 & 611)
- Districts 4 through 13

**Lawn ornaments & yard art for these Districts may be placed in the following locations:**

- Inside the home
- Inside the lanai
- On the concrete slab located underneath the roof of the front porch (NOT under the eaves of the home)

--- REPRESENTS APPROVED AREA

Lawn ornaments or yard art, generally refers to man-made items located anywhere outside the structure or footprint of the home. However, pots and planters designed and constructed for plant use are permitted if they are used for their intended purpose. The inclusion or attachment of flowers or plants to a man-made ornament, not originally constructed for plant use, does not change the item from a lawn ornament to landscaping. The word "lawn" includes areas that are mulched, concreted, sodded, rocked, landscaped, bare earth or any other material outside the structure (footprint) of the home. The following is intended as a **partial reference list** of lawn ornaments: any

man-made concrete, resin, ceramic statue or figure including windmills, pinwheels, religious symbols, train sets, animal or human figures.

Lawn ornaments may be placed on the concrete slab located underneath the roof of the front porch. Lawn ornaments are permitted in these locations as they are considered internal areas and the District only has authority to enforce certain external deed restrictions.

*To learn more about the Declaration of Restrictions for your specific home, please contact the Community Standards Department.*

## The Villages® Community Development Districts Utilities

**Is your sewer backing up? Is water flowing out of your yard and down the street? If your answer is yes, call us at 352-750-0000!**

The District Utilities Department and their contractor Jacobs are responsible for maintaining the water and sewer mains that service your home for the majority of areas within The Villages. If you reside in Phillips Villas or Soulliere Villas, please contact Marion County Utilities at 352-307-6000 for sewer issues. For all other residents, please contact the District at 352-750-0000. For water service, the utility provider's responsibility ends at the brass portion of the water meter and the homeowner's responsibility begins at the PVC connection side of the water meter. For sewer service, the utility provider's responsibility ends at the 6" cleanout located in the utility right of way in the front of your home.

If your lights go out, you typically would call the electric company to confirm whether or not there is a problem with their service. For water or sewer issues, many people tend to call a plumber first. Please call us at 352-750-0000 so that we can evaluate our side of the sewer system and determine where the issue is located. If it is found that the issue is on the District side, we will make repairs. If the issue is on the homeowner's side, we will let you know so you can contact a repair provider such as a plumber.

Please note that the District will not evaluate any issues with leaking water inside your home, only sewer issues.

If you have any questions, please contact District Utilities Customer Service at 352-750-0000.

### **WATER SYSTEM MAINTENANCE**

Preventative maintenance is occurring on the potable water system field valves throughout many areas of The Villages. Those customers serviced by Village Center Service Area (VCSA), Little Sumter Service Area (LSSA), North Sumter Utilities (NSU), Central Sumter Utilities (CSU) and South Sumter Utilities (SSU) that will be impacted will be notified 24 hours in advance of a temporary interruption in service and will receive the following notification:

**THE PUBLIC DRINKING WATER MAINS IN YOUR AREA WILL BE SHUT DOWN TEMPORARILY FOR NEEDED MAINTENANCE. AS A PRECAUTION, UPON RETURN OF WATER SERVICE, WE ADVISE THAT ALL WATER USED FOR DRINKING, MAKING ICE, AND COOKING BE BOILED, FOR ALL OTHER HOUSE HOLD USES THE WATER IS ACCEPTABLE. A ROLLING BOIL OF ONE MINUTE IS SUFFICIENT. AS AN ALTERNATIVE, BOTTLED WATER MAY BE USED.**

THIS "PRECAUTIONARY BOIL WATER NOTICE" WILL REMAIN IN EFFECT UNTIL THE MAINTENANCE TASK HAS BEEN COMPLETED AND A BACTERIOLOGICAL SURVEY SHOWS THAT THE WATER IS SAFE TO DRINK. THIS USUALLY CONSISTS OF A TWO-DAY SAMPLING PERIOD TO INSURE SAFE DRINKING WATER.

IF YOU HAVE ANY QUESTIONS, YOU MAY CONTACT DEANNA SIMMONS, FROM THE WATER DEPARTMENT AT (352) 259-2802 (NSU WWTP).

A notice with the addresses of the affected area along with this information will be left at the door of all impacted addresses. We appreciate your patience and cooperation in order to maintain the continued integrity and safety of the District Infrastructure.

**A tentative schedule of the areas impacted in the upcoming week:**
