Customer Service

Celebrating National Customer Service Week

October 3, 2022 – October 7, 2022 is recognized as National Customer Service Week. In 1992, the U.S. Congress proclaimed Customer Service Week a nationally recognized event, celebrating the Customer Service professionals who serve and support customers on a daily basis.

This year marks the 30th Anniversary of this event and we would like to celebrate and thank the many Customer Service professionals that serve our community and each day here in the District. The District Customer Service Center's team of professionals go above and beyond to provide exemplary service and assistance to residents, guests, District Departments and members of the public alike.

National Customer Service Week provides us with a special opportunity to recognize the true value of premier customer service and the vital role our Customer Service team plays in the success of our entire organization.

The District Customer Service Department is dedicated to providing each resident with quality, accurate and friendly customer service day in and day out. Please join us in celebrating Customer Service professionals everywhere and thanking them for the hard work they do year-round.

Silver Trefoil Girl Scout Alumnae

Thirteen years ago, the Girl Scout Alumnae founded their annual Pajama and Book Drive in an effort to touch the lives of vulnerable children living in Lake, Marion and Sumter counties. To date, they have collected over 61,000 pajamas and 40,000 books.

Villages resident Mikki Blumberg, originator of the Pajama and Book Drive, stated “When children receive our gifts of pajamas and books, they experience the thrill and pride of owning something brand new, chosen especially for them. They feel valued. They know they matter – as our pajamas provide much-needed comfort for a good night’s sleep and our books show them there is no end to their imagination as to what they can achieve.”

The next time you’re out shopping, pick up a new pair of pajamas or a new children’s book to help make a child’s holidays that much brighter.

Where can I find the Annual Assessment Rate Calculator for The Villages Independent Fire Control & Rescue District?

The Assessment Rate Calculator is an interactive search engine designed to give you an **estimate** of the what each Parcel in the Independent Fire Control & Rescue District might be asked to pay annually.

1. To locate the search engine, visit the District website at DistrictGov.org.

2. On the left-hand side of the page under the Quick Links menu, click on [‘The Villages Independent Fire Control & Rescue District’](#).

Where can I find the Annual Assessment Rate Calculator for The Villages Independent Fire Control & Rescue District?

3. On the Independent Fire Control & Rescue District page, click on the link titled 'Fire District Assessment Rate Calculator'.

The screenshot shows the website header with the logo and navigation menu. The 'Quick Links' sidebar on the left contains the following items: Public Safety Home, The Villages Independent Fire Control and Rescue District, Proposed Fire District Boundary Map, Smoke Detector Program, CPR/AED Classes, Strategic Plan, Villages Public Safety Employment Opportunities, Department Staff, Helpful Information, Photo Slideshows, AED Locations, Contracts, StormReady, and Department FAQ. Below these are buttons for 'Submit Feedback, Inquiry, or Concern' and 'Sign up for e-Notifications'. A red arrow points from the 'Fire District Assessment Rate Calculator' link in the sidebar to the main content area. The main content area features a large banner with the text 'YOU DECIDE ON NOV. 8TH THE VILLAGES INDEPENDENT FIRE CONTROL AND RESCUE DISTRICT' and images of fire trucks and the district logo. Below the banner are links for 'Fire District Assessment Rate Calculator' and 'Proposed Fire District Boundary Map'.

This will take you to the interactive search engine where you can enter your information and get an **estimated** Annual Assessment Rate for your property.

If you have trouble locating your property information using the Fire District Assessment Rate Calculator, try entering only your last name in the 'Owner Name' search box and then clicking submit.

If you are still unable to locate your information or if you have any questions, please call District Administration at 352-751-3939 for assistance.

District 2 - Q&A Meeting Tuesday, October 25, 2022

This month's Question & Answer meeting will be hosted by Tom Swiers, District 2 Supervisor.

To be voted on in the November 8th election is whether or not to approve The Villages Independent Fire Control and Rescue District. In order for all of us to be informed regarding this important matter, I have asked Chief Edmund Cain and Deputy Chief James Goodworth from The Villages Public Safety Department to attend this month's Q&A Meeting to make a presentation regarding the details of the proposed Villages Independent Fire Control and Rescue District. Their presentation will be shortly after 7:00PM.

The purpose of these informal meetings is to provide ALL residents with the opportunity to get together, make friends, ask questions, get answers, share concerns, offer suggestions, seek solutions, and address rumors. Residents are able to sit down together to discuss any topics they would like pertaining to District 2.

- All meetings are held at El Santiago Recreation Center.
- Meetings begin at 7:00 PM and end at approximately 9:00 PM.
- Residents are invited to attend the entire meeting to listen to other residents' questions, but each of you may come and go as you please, based on your own schedule.
- Because residents choose the topics, each meeting will be different.

For more information: Call District 2 Supervisor Tom Swiers at (847) 951-2230; or send an Email to: tom@swiers.com or Tom.Swiers@DistrictGov.org

What is a Precautionary Boil Water Notice?

A major component of service provided by the District's Utilities Department is the risk assessment involving waterborne contaminants through natural or man-made means. It is our responsibility to provide guidance and assistance to prevent exposure to drinking water contaminants that could present a threat to our resident's health.

Water suppliers are required by the Florida Department of Environmental Protection (FDEP) to notify customers to boil water when conditions exist that may cause the water supply to be vulnerable to the potential for contamination. A Precautionary Boil Water Notice (PBWN) is a form of notification that advises customers to boil tap water used for drinking, cooking and ice-making until tests verify the water is safe. The determination that the water is safe is a process through which the Utility Operations and Maintenance Contractor sends water samples to a State Certified Water Testing Lab and receives a report back, usually after 48 hours, stating that the water samples meets all federal and state regulations. The precautionary boil water notice would then be rescinded by notifying all affected residents.

An incident that requires a PBWN may include a water, wastewater or irrigation incident that could develop as a result of, but not limited to, a water line break, a problem at a water plant, a new connection to an existing line, a sewer back up, a Wastewater Treatment Plant incident or shutting off the water and turning it back on.

Frequently Asked Questions and Answers

The Villages® Community Development Districts Utilities

If an incident occurs, the District will send an e-notification to residential and commercial customers that have signed up to receive the e-notifications. To sign up for e-notifications, simply go to DistrictGov.org click on “sign up for e-notifications” beneath the Quick Links on the left side of the home page. After inserting your name and email information, check the appropriate utility that your property is serviced by beneath the Precautionary Boil Water Notification category. If an incident occurs within your utility, you will be notified of the situation and the property addresses affected by the incident. In the event you do not have access to an email system, depending on the number of homes and businesses within the PBWN area all local media are notified and an alert will be posted on the District’s website.

As a precaution, all water used for handwashing, drinking, making ice, brushing teeth, cooking, and washing dishes should be boiled briskly for one (1) minute prior to use. All ice cubes should be discarded and only boiled water be used for making ice. As an alternative, bottled water can be used.

**FIRE
PREVENTION
WEEK™**

Fire won't wait. Plan your escape.™

The _____ Family's Home Safety Action Plan

ACTION #1

Make the first Saturday of each month "Smoke Alarm Saturday"!

A working smoke alarm will clue you in that there is a fire and you need to escape. Fire moves fast. You and your family could have only minutes to get out safely once the smoke alarm sounds.

- Smoke alarms should be installed in every sleeping room, outside each sleeping area, and on every level of the home, including the basement.
- Test all of your smoke alarms by pushing the test button. If it makes a loud beep, beep, beep sound, you know it's working. If there is no sound or the sound is low, it's time to replace the battery. If the smoke alarm is older than 10 years old, you need to replace the whole unit.
- If your smoke alarm makes a "chirp," that means it needs a new battery. Change the battery right away.
- Make sure everyone in the home knows the sound of the alarm and what to do when it sounds. (See ACTION #2.)

ACTION #2

Develop a home fire escape plan and practice it at least twice a year!

Having a home fire escape plan will make sure everyone knows what to do when the smoke alarm sounds so they can get out safely.

- Draw a map of your home, marking two ways out of each room, including windows and doors.
- Children, older adults, and people with disabilities may need assistance to wake up and get out. Make sure they are part of the plan.
- Make sure all escape routes are clear and that doors and windows open easily.
- Pick an outside meeting place (something permanent like a neighbor's house, a light post, mailbox, or stop sign) that is a safe distance in front of your home where everyone can meet.
- Everyone in the home should know the fire department's emergency number and how to call once they are safely outside.
- Practice! Practice! Practice! Practice day and nighttime home fire drills. Share your home escape plans with overnight guests.

REMEMBER:

When You Hear a Beep, Get On Your Feet!

Get out and stay out. Call **9-1-1** from your outside meeting place.

Hear a Chirp, Make a Change!

A chirping alarm needs attention. Replace the batteries or the entire alarm if it is older than 10 years old. If you don't remember how old it is, replace it.
