Holiday Decoration Policy

If your Village plans on decorating the Gate House or Village/Villa Entry sign for any of the upcoming holidays, the District Boards have adopted an updated Holiday Decoration Policy. This excludes postal stations. Prior to installation, residents must submit a design to District Property Management at 1026 Canal Street, The Villages or email PropertyManagement@districtgov.org and sign the Activity Release of Liability. [Click here](#) to see the full Holiday Decoration Policy. You may also contact District Property Management at 352-753-4022 for additional information.

Fence Replacement

Southern Pro Fence is currently scheduled to begin fence replacement along El Camino Real on Monday, November 28, 2022. The work is anticipated to be completed within a few weeks. The areas that are being replaced are along Caribe Drive and Tamarindo Drive that back up to El Camino Real. This schedule may be adjusted due to unforeseen circumstances, including weather.

For a clear work area for our crews, we are requesting that all landscaping be cut back two feet from the fence and any hardscaping and stones be pulled back from the fence post to give ample room for the replacement. Residents are to remove personal items that are attached to the fence as well. Your cooperation is greatly appreciated. Updates will be provided as they become available.

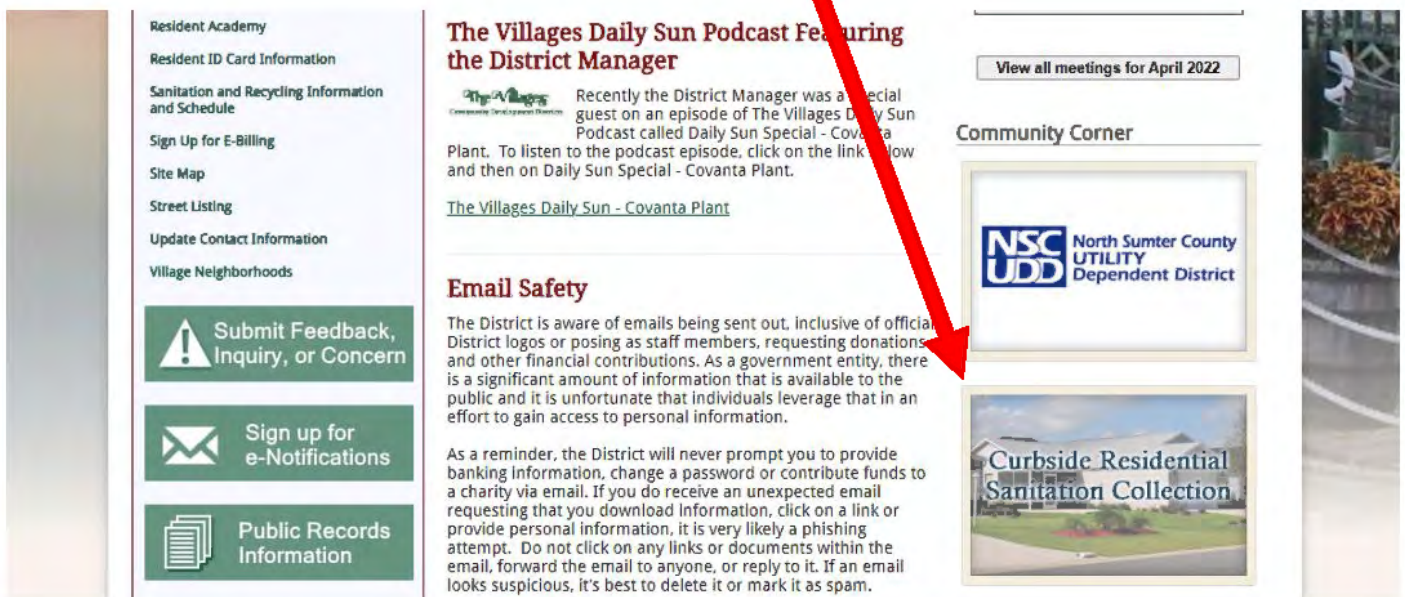

If you have any questions or would like more information, please contact District Property Management at 352-753-4022.

Did you know that you can find Curbside Sanitation Collection Information and Schedules on DistrictGov.org?

1. Visit our website at DistrictGov.org.

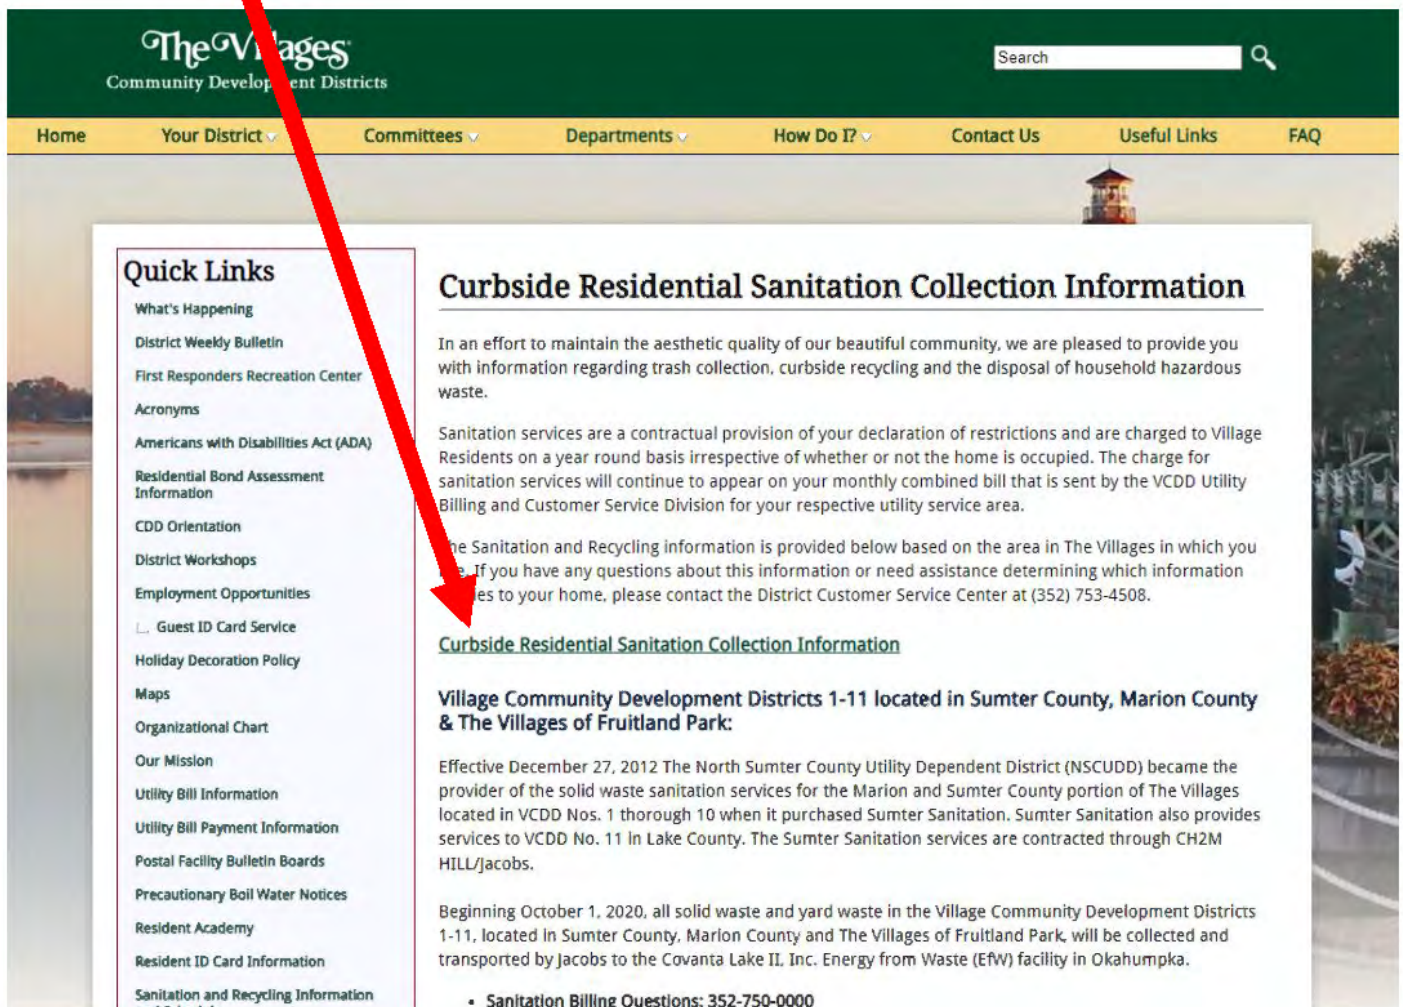

2. Scroll down and click on the Curbside Residential Sanitation Collection Quick Link on the right-hand side of the page.

UTILITY
Dependent District

COVANTA Energy - from - Waste process

- 1 Post-recycled municipal solid waste is picked up at your home or business.
- 2 Waste is delivered and temporarily stored in a bunker. We maintain the building around the tipping and bunker area under negative pressure and use this air in the combustion process to control odor.
- 3 The waste is fed into a combustion chamber and burned at extremely high temperatures in a self-sustaining process.
- 4 Heat from combustion boils water to create steam.
- 5 The steam turns a turbine-driven generator to produce electricity, or may sometimes be used directly for heating or industrial processes.
- 6 Electricity is distributed to the grid and used to power homes and businesses.
- 7 State-of-the-art air pollution control equipment is used to cool, collect, and clean combustion gases. This equipment operates under stringent state and federal standards.
- 8 We control emissions of particulate matter primarily through a baghouse (fabric filter).
- 9 Emissions and other operating criteria are continuously monitored to ensure compliance with state and federal standards.
- 10 Residual material from the combustion process is collected for processing and metals extraction.
- 11 Ferrous and non-ferrous metals are extracted for recycling.
- 12 Remaining residual materials are beneficially reused or disposed of in a landfill.

Information Provided By..

COVANTA

Powering Today. Protecting Tomorrow.

**Total Amount of Solid Waste Processed by Covanta
October 1, 2021 through September 30, 2022:**

47,682 tons

Benefits of Waste to Energy Disposal of 47,682 tons:

Avoid **47,682 tons** of CO₂ equivalent greenhouse gases.

Generate **26,225,100 kWh** of renewable energy...

...enough to power **28,693 homes for a month.**

Reduce the need for **11,291 tons** of coal...

...or **2,002,644 gallons** of fuel oil.

Recycle **2,384,100 pounds** of metal for recycling

that otherwise would have been landfilled.

Calculations are based on national averages and assume waste composition is similar in composition to municipal solid waste (MSW).

The Villages®

PUBLIC SAFETY DEPARTMENT

Smoke Detector Program

Did you know that The Villages Public Safety Department offers smoke detector assistance to residents of The Villages as part of the Fall Prevention Program?

- This program is designed for residents who are disabled or unable to climb ladders.
- The Villages Public Safety Department recommends batteries be changed once per year.
- Residents are required to purchase the brand new nine-volt batteries or detectors before they call for assistance.
- Smoke alarms are designed to signal with a single beep which repeats every few minutes to alert you that the battery needs to be changed. Three to five beeps at a single time is a signal that the detector needs to be replaced.
- On average, a smoke detector lasts roughly ten years, and the combination smoke/carbon monoxide units last around five to seven years.
- If your detectors are beeping non-stop please leave the home and call 911. It may be signaling a fire or carbon monoxide emergency.
- The homes in The Villages are designed to have hardwired detectors. Smoke detectors are located inside of the bedrooms and in the main living area. A smoke carbon monoxide combination unit is installed directly outside of the bedrooms.

The model numbers for the detectors that are installed in your home are manufactured by BRK under the name First Alert. The model number for the smoke detector is 9120B and the model number of the combination smoke/carbon detector is SC9120B.

The Villages®

PUBLIC SAFETY DEPARTMENT

Smoke Detector Program

- For those residents that are hearing impaired, there are several types of detectors that may be right for you such as strobe light detectors or detectors that can shake the bed in the event of a fire. For more information on these detectors, please stop by The Villages Public Safety Administration office at 3035 S. Morse Boulevard Monday through Friday from 8:00 AM to 5:00 PM to obtain a brochure or visit our website at DistrictGov.org.
- Smoke detector battery changes and/or installations can be arranged by calling 352-205-8280 Monday through Friday from 8:00 AM to 5:00 AM. If it is after hours or on the weekend and you have a beeping detector, call 352-205-8280 and select option 1 on the recording to be connected to Community Watch Dispatch.
- There is no charge for this service.
- Appointments are for same-day service and are on a first come first serve basis.
- The Villages Public Safety Department employees will arrive at your home in uniform, with a visible name badge. They will also have a ladder with them.
- As a reminder, this assistance is strictly for smoke detectors. The employees visiting your home will not be able to assist you with non-related smoke detector issues or concerns such as light bulbs.

If you have any questions or would like additional information on this program, please contact The Villages Public Safety Department at 352-205-8280.

Preparing for Flu Season

In the United States, flu season occurs in the fall and winter. While influenza viruses spread year-round, most of the time flu activity peaks between December and February, but activity can last as late as May. The flu is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and sometimes the lungs. It can cause mild to severe illness, and at times can lead to death.

How does it spread?

Most experts believe that the flu viruses spread mainly by tiny droplets made when people with the flu cough, sneeze or talk. These droplets can land in the mouths or noses of people who are nearby. Less often, a person might get the flu by touching a surface or object that has the flu virus on it and then touching their mouth, nose, or eyes.

Preventing seasonal flu

The first and most important step in preventing the flu is to get a flu vaccine each year. The flu vaccine has been shown to reduce flu-related illnesses and the risk of serious flu complications that can result in hospitalization or even death. The CDC also recommends everyday preventive actions such as:

- Staying away from people who are sick.
- Covering coughs and sneezes.
- Frequent handwashing to help slow the spread of germs that cause respiratory (nose, throat, and lungs) illnesses like the flu.

Prevent the spread – stay home when you experience symptoms.

Information Provided By...

Do other respiratory viruses circulate during flu season?

In addition to flu viruses, several other respiratory viruses also spread during flu season and can cause symptoms similar to those seen with flu infection. These respiratory viruses include rhinovirus (one cause of the “common cold”) and respiratory syncytial virus (RSV), which is the most common cause of severe respiratory illness in young children as well as a leading cause of death from respiratory illness in those aged 65 years and older.

Other commonly circulating respiratory viruses include human parainfluenza viruses (HPIV), human metapneumovirus (HMPV), respiratory adenoviruses and human coronavirus. More information about non-influenza respiratory viruses is available.

Flu vaccines are safe and effective, provided at no cost. The first step to prevention is being vaccinated. Flu and COVID-19 Vaccines are available at most local pharmacies.

Flu vaccines:

- Can keep you from getting sick.
- Reduce the severity of illness in people who get vaccinated but still get sick.
- Can reduce the risk of hospitalization.
- Helps protect pregnant people during and after pregnancy.
- Protect the people around you, including those who are more vulnerable to serious flu illness, like babies, young children, older people, and people with certain chronic health conditions.

Stay safe and healthy this flu season!

Community Development Districts

District 3

NOTICE OF VACANCY

VILLAGE COMMUNITY DEVELOPMENT

DISTRICT NO. 3 BOARD OF SUPERVISORS

The Village Community Development District No. 3 Board of Supervisors is seeking applicants who are interested in filling Seat 4, which will be vacant because a qualified elector did not qualify for the seat. The remainder of the existing four (4) year term for the vacated Seat will expire in November 2026.

Any interested applicants must be a qualified elector which is defined by Florida Statute 190 as “any person at least 18 years of age who is a citizen of the United States, a legal resident of Florida and of the district, and who registers to vote with the Supervisor of Elections in the county in which the district land is located”. To obtain additional information or request an application you may contact Jennifer Farlow, District Clerk, at 352-751-3939 or obtain a copy of the application on the DistrictGov.org website.

Applications must be submitted to the District Clerk no later than 5 PM on Tuesday, November 29, 2022 at the District Office, 984 Old Mill Run, The Villages, FL.

The Board of Supervisors will interview applicants during a Board Meeting to be held on Friday, December 9, 2022 at 11:00 AM in the District Office Board Room, 984 Old Mill Run, The Villages, FL.

The Board of Supervisors welcome interested applicants to include a resume with their experience as an attachment to the application

APPLICATION FOR APPOINTMENT TO DISTRICT 3 BOARD OF SUPERVISORS

Seat 4 – Term Expires 11/2026

Village Community Development District No. 6 (District 6), No. 10 (District 10), and the Lady Lake / Lake County portion of The Villages north of County Road 466 are all seeking alternate members to serve on the Architectural Review Committee.

The alternate applicant must be a full time resident of the District they are applying for and have lived in The Villages for at least one year. Candidates are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, landscaping, county code enforcement, etc.; however, this is not required. The Committee meets weekly, on Wednesdays at 8:00 AM for approximately 2-4 hours.

If you are interested in becoming an alternate member on the Architectural Review Committee, complete the application by clicking one of the following links: [District 6 Application](#), [District 10 Application](#), [Lady Lake /Lake County Application](#) and returning it to the Community Standards Department, 984 Old Mill Run, The

COMMUNITY STANDARDS DEPARTMENT
ARCHITECTURAL REVIEW COMMITTEE
VOLUNTEER MEMBER FOR
VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 7

APPLICATION FOR MEMBERSHIP

This application **must** be returned to the Community Standards Department, 984 Old Mill Run, The Villages, Florida **no later than 5:00 p.m. on April 15, 2021.**

I understand that being a member of the Architectural Review Committee (ARC) is a volunteer position with a four year commitment where I will spend approximately two hours every week as a committee member. **The applicant must be a full time resident of Village Community Development District No. 7 and have lived in The Villages for at least one year.** Committee members are recommended to have education and/or experience in any of the following areas: architecture, ability to read site plans, residential/commercial construction, building management, deed restricted communities, land use/appling county code enforcement, etc.

1. Please briefly describe your past business or career paths.

2. What special skills or education do you have that would benefit the ARC? (Please include special skills, experience or training such as architect, ability to read site plans, builder, condo/building management, working in deed restricted communities, etc.)

3. Are you familiar with your deed restrictions and/or covenants? Y N
