Celebrating National Night Out

The Villages®
Community Development Districts
Community Watch

Community Watch is proud to be participating in National Night Out once again by hosting our annual National Night Out celebration. National Night Out began in 1984 in the suburbs of Philadelphia as a way for neighbors to come together with one another and strengthen relationships within the community. Neighbors and law enforcement across the nation supported the initiative and it steadily grew from there.

The event is meant to increase awareness about police and community programs such as drug prevention, town watch, neighborhood watch and other anti-crime efforts. The event has been held annually since 1984 and has gone from a celebration of symbolic efforts amongst neighbors to communities across the nation hosting block parties, festivals, parades, cookouts and various other community events with safety demonstrations, seminars, youth events, visits from emergency personnel, exhibits and more.

The events are typically organized by neighborhood watch groups, non-profit organizations, local companies, police departments and other law enforcement agencies. They can be as simple as backyard cookouts or as

complex as full-blown festivals.

This year's National Night Out event will be held at First Responders Recreation on Thursday, October 5, 2023 from 5 PM to 7 PM. Participating law enforcement agencies and first responders to attend include The Villages Public Safety Department, Sumter County Sheriff's Office, Sumter County Fire Department, Lake County Sheriff's Office, Lady Lake Police Department, Leesburg Police Department, Fruitland Park Police Department, Wildwood Police Department, Marion County Sheriff's Office, Marion County Fire Department and of course, Community Watch.

We invite you to join us once again at First Responders Recreation as we celebrate this important annual event promoting law enforcement–community partnerships and neighborhood camaraderie. Take the opportunity to show up in support of the many agencies working together to keep The Villages community safe and get a chance to meet your local first responders and law enforcement heroes. Helpful resources, educational handouts, demonstrations, giveaways and more will be available as well. We look forward to seeing you there!

Happy New *Fiscal* Year!

The District's Fiscal Year runs from October 1st through September 30th, meaning the District will be celebrating the start of the new Fiscal Year 2023-24 in just a few days! The Final Budgets for the 24+ Districts that make up The Villages Community Development Districts were approved at the September Board Meetings in accordance with Florida State Statutes and are ready to go for another successful Fiscal Year.

The Fiscal Year 2023-24 Final Budget consists of 69 Funds with a combined total Budget of over \$600 million – \$611,360,667 to be exact!

The Final Budget provides the resources to maintain high-quality services while moving forward with efforts that ensure a positive sustainable future. We are committed to continually improving as we consistently

review our operations for better methods to provide enhanced service.

The Fiscal Year 2023-24 Final Budget information is posted on the District website at Districtgov.org > Departments > [Budget](#).

Thank you to our Office of Management and Budget Department and the Board Members, Committee Members, District staff and many residents who provided input and attended the Budget Workshops and Board Meetings throughout this year's budget process!

National Accreditation

The Villages Recreation & Parks Department has been Nationally Accredited since 2011!

The Commission for Accreditation of Park and Recreation Agencies (CAPRA) accredits park and recreation agencies for excellence in operation and service.

Charged with providing high quality services and experiences, park and recreation agencies across the United States turn to CAPRA Accreditation as a credible and efficient means of achieving these goals, while providing assurance to the public that the agency meets national standards of best practice.

CAPRA requires accredited agencies to go through a review every five years in order to maintain their status. In 2016, we were re-accredited, passing 100% of the standards and have been approved for renewal through 2028.

Precautionary Water Boil Notices

Information Provided By...

What is a Precautionary Boil Water Notice?

A major component of service provided by the District's Utilities Department is the risk assessment involving waterborne contaminants through natural or man-made means. It is our responsibility to provide guidance and assistance to prevent exposure to drinking water contaminants that could present a threat to our resident's health.

Water suppliers are required by the Florida Department of Environmental Protection (FDEP) to notify customers to boil water when conditions exist that may cause the water supply to be vulnerable to the potential for contamination. A Precautionary Boil Water Notice (PBWN) is a form of notification that advises customers to boil tap water used for drinking, cooking and ice-making until tests verify the water is safe.

The determination that the water is safe is a process through which the Utility Operations and Maintenance Contractor sends water samples to a State Certified Water Testing Lab and receives a report back, usually after 48

hours, stating that the water samples meet all federal and state regulations. The precautionary boil water notice would then be rescinded by notifying all affected residents.

An incident that requires a PBWN may include a water, wastewater or irrigation incident that could develop as a result of, but not limited to, a water line break, a problem at a water plant, a new connection to an existing line, a sewer back up, a Wastewater Treatment Plant incident or shutting off the water and turning it back on.

Wildwood Completes Stabilization of Scardino Street ROW *Utilities Being Evaluated for Any Necessary Repairs*

City of Wildwood officials have received confirmation that the stabilization of the public right-of-way on Scardino Street has been completed according to best engineering practices.

Work was initiated after reports in late August of a surface depression on a city-maintained road in The Villages® section of Wildwood. The city issued an emergency authorization to begin geotechnical testing to determine the exact location and extent of the collapse.

The test report recommended a series of subsurface grout injections. A total of 351.3 cubic yards of concrete was injected at 21 sites to depths ranging from 25 to 55 feet, based on test results.

Injections have cured and been evaluated. Engineers have determined the right-of-way is no longer a public safety concern.

Now that the area has been stabilized, the city is evaluating damage to utilities and any necessary repairs.

“We have been in regular contact with residents of Scardino Street to keep them informed since the first reports came in,” said Public Works Director Jeremy Hockenbury. “We appreciate their patience as we work through the next steps of this process to ensure all repair work is done safely and to the specifications demanded by our team of experts.”

Access to the affected area of roadway remains restricted to residents and authorized personnel. The street will be reopened to through traffic once utility and final asphalt repairs have been completed.

Sumter County Seeks Applicants for Potential Creation of The Villages Public Safety Department District

Sumter County, FL – At the September 12, 2023 Tentative Budget Hearing, the Sumter County Board of County Commissioners (BOCC) voted to proceed with the development of current Village Center Community Development District service area to be governed by a dependent fire district (Villages Public Safety Department District). The creation of this district will require the initial appointment of individuals by name, with two serving an initial one-year term and three serving three-year terms, so the positions will face the elections in November 2024 and November 2026, respectively.

The BOCC will consider applicants that apply through the current boards and committees application process. Residents that reside within the current Village Center Community Development District fire service area, are Sumter County residents, and interested in serving on The Villages Public Safety Department District can apply online at www.sumtercountyfl.gov/apply. Applications will be accepted only through October 31, 2023.

Walking Trail Closure

The Lake Sumter Landing Wilkerson Creek Walking Trail will be closed for replacement from the Covered Bridge behind Barnes and Noble to Old Camp Road for three weeks beginning on September 18, 2023.

Roadway Closure

District Property Management will be performing restoration of a stormwater pipe at the intersection of Buena Vista Boulevard, St. Charles Place and Bonita Boulevard Monday, October 2, 2023 through Tuesday, October 3, 2023. During this time, a single lane of roadway traffic will be closed in order for the contractor to perform the work. Please pay attention to the flow of merging traffic and use caution when approaching the intersection.

We appreciate your patience as we strive to provide the best service possible and ensure the District's assets are preserved for our community. If you have any questions, please call District Property Management at 352-753-4022.

IRRIGATION SYSTEM FLUSHING: DISTRICTS 5-8

In April 2023, our Utilities Operations and Maintenance contractor (Jacobs) began flushing the Villages Water Conservation Authority (VWCA) irrigation system located in Districts 5-8. Flushing prevents the accumulation of small particles and build-up, which can lead to plugging issues in our irrigation system. Due to the size of the VWCA system, the area has been divided into 90 distinct flushing zones. Once started, this project will take approximately 50 weeks to work through all 90 zones.

As the flushing takes place, you will see the Jacobs team opening fire hydrants and flushing irrigation lines only into the roadway. Work hours will be from 8 am to 5 pm. Information will be updated regularly on the District's website on when you can expect to see the Jacobs team in action in your area. Please continue to check the Weekly Bulletin or the [What's Happening](#) page on [DistrictGov.org](#) for updates.

This maintenance work will not have any effects on your drinking water quality nor pressure. This is a proactive effort to maintain your irrigation system.

The safety of residents and contractor personnel is of the utmost importance. We are requesting everyone to abide by all barricades and warning signs and to avoid the active work area for anything other than access to your property.

Thank you for your cooperation and patience as we improve our irrigation system. If you have any questions or would like additional information, please contact District Utilities at 352-753-4022.

See below for the schedule and map. Please note that the schedule and zone are tentative based on operational conditions encountered.
