Weekly Bulletin

November 22, 2023

The Villages[®]

Community Development Districts

Thanksgiving Holiday Information

The District Customer Service Centers and all District Administrative Offices will be closed on Thursday, November 23, 2023, and Friday, November 24, 2023 in observance of Thanksgiving. We will resume normal business hours on Monday, November 27, 2023. If you have any questions or would like additional information, please contact the District Customer Service Center at 352-753-4508.

Golf Holiday Information

The Executive Golf Course Starter Shacks will close at 4 PM on Thursday, November 23, 2023 in observance of Thanksgiving. In addition, the Tee Time Office will be closed on Thursday, November 23, 2023, and Friday, November 24, 2023. Phone support will be available on Friday, November 24, 2023.

Sanitation Collection Holiday Information

Districts 1-11

If you live in Village Community Development Districts 1-11, there will be no sanitation collection on Thursday, November 23, 2023. Collection will be on Saturday, November 25, 2023.

District 12 and the Villages of DeLuna and Hammock at Fenney

If you live in Village Community Development District 12 of the Village of DeLuna and Hammock at Fenney there will be no changes to the sanitation collection schedule.

District 13 (excluding Villages of DeLuna and Hammock at Fenney) and District 14

If you live in Village Community District 13 (excluding Village of DeLuna and Hammock at Fenney) and District 14, there will be no sanitation collection on Thursday, November 23, 2023. Next collection will be on Monday, November 27, 2023

If you live in the Lake County portion of The Villages (not including District 11 or 14), Thursday collection will be moved to Friday, November 24, 2023 and Friday collection will be moved to Saturday, November 25, 2023.

If you live in the Town of Lady Lake portion of The Villages, there will be no sanitation collection on Thursday, November 23, 2023. Collection will be on Monday, November 27, 2023.

If you live in **Middleton Community Development District A**, there will be no sanitation schedule change due to the holiday.

2024 CDD Orientation Schedule

You are invited to attend our “Introduction to your Special Purpose Local Government” informational program. You will learn how the districts operate and learn other important community information about the people, services, and other supporting entities that help make The Villages a premier community.

No sign-ups or fees are required for this presentation. This valuable program has typically been held on the second and fourth Thursday of the month, but beginning in 2024, it will be **held on the first and third Tuesday of the month**. It is held at 10:00 AM at the District office located at 984 Old Mill Run in Lake Sumter Landing.

For additional information, please contact the District Customer Service Center at 352-753-4508.

CDD Orientation Holiday Schedule

Due to the upcoming holidays, the CDD Orientation schedule for the holiday season has been adjusted. CDD Orientation on the following dates has been canceled:

- **Thursday, November 23, 2023**
- **Thursday, December 28, 2023**
- **Tuesday, January 2, 2024**

Golf Car Safety Guidelines

IN THE VILLAGES

In a community like The Villages, it's important to know the rules of the road when it comes to golf cars. A golf car is defined as a vehicle that is designed for operation on a golf course or for sport or recreation activities. Golf cars and low-speed vehicles must follow the same traffic laws as cars, including regulatory signs and the use of directional (or hand) signals while making turns. Operators of these vehicles can be issued traffic citations just like if they were driving an automobile, and these citations carry fines along with adding points to your driver's license.

A street-legal, low-speed vehicle is defined as a four-wheel electric vehicle whose top speed is greater than 20 mph, but less than 25 mph. A golf car must not be capable of exceeding 20 mph. Street-legal, low-speed vehicles may operate on streets where the posted limit is 35 mph or less. These vehicles may also cross roads that have a speed limit greater than 35 mph.

To operate at night or before sunrise, golf cars must be equipped with:

- Headlights & brake lights

- Turn signals
- Windshield
- Red reflective warning devices on the front and rear of the vehicle

Headlights should always be used 30 minutes before sunset and 30 minutes after sunrise. Headlights should also be used during inclement weather.

Be Safe

- Do not let anyone ride standing in the vehicle or on the back platform.
- Children should not be sitting on the driver's lap and should never be steering the vehicle.
- Passengers should keep their arms and legs inside the vehicle at all times (except for the driver when signaling a turn).
- Golf cars should yield to other vehicular traffic in all cases.
- Don't text/call while driving.
- Golf cars and other low-speed vehicles aren't permitted to travel on sidewalks.

Golf Car Safety Guidelines

IN THE VILLAGES

To be street legal, vehicles must have:

- Registered license plate & insurance
- Seat belts
- Windshield
- Rearview mirror
- Horn
- Headlights, taillights & brake lights
- Side reflectors
- Parking brake
- Turn signals
- VIN number

Know The Rules

- Golf car drivers must possess a valid form of government-issued photographic identification.
- Drivers under 18 years of age must possess a valid driver's license or learner's driver's license.
- Golf cars may not cross or drive on CR 466/466A, Hwy 27/441 or any other road with a posted speed limit of 35 mph and above.
- FDOT/State roads only allow crossings of golf carts. Golf cars are NOT allowed on state roads.
- Golf cars are not allowed on

County roads unless approved for neighborhoods by the County.

- Golf cars must use the transportation multi-modal paths adjacent to El Camino Real, Buena Vista Blvd, Morse Blvd, CR 466 and CR 466A.
- Golf cars can drive on streets in The Villages with a posted speed limit of 30 mph or less. Golf cars should be driven in the marked diamond lanes or along the right-hand edge of the street if there is not a marked lane.

This information aims to promote and encourage golf car safety in The Villages. Following these rules of the road and safety tips will help ensure a safe and enjoyable experience for everyone traveling on the multi-modal paths and roadways in a golf car.

To view the District's Golf Car Rules of the Road and Safety Tips handout, [click here](#). For more information and helpful resources, go to DistrictGov.org > [Multi-Modal Path & Golf Car Information and Safety](#) Quick Link.

Sanitation Collection Guidelines

In The Villages

For residents living in Village Community Development Districts 1-11:

- All Household Solid Waste and Yard Waste is picked up twice a week—same time, same truck, all together!
- All household waste should be placed in sealed tall kitchen trash bags or 20-30 gallon trash bags (any color with the exception of red, which is used for medical waste).
- All materials can be placed in the same bag, no need to sort!
- The trash bags should be left at the end of your driveway, no garbage cans are allowed (they will be disposed of with the household waste).
- Each bag should weigh no more than forty (40) pounds.
- Bags must be placed for collection before 6:00 a.m. on your collection day or the night before (no sooner than 5:00 p.m.).
- Wrap broken glass or other sharp objects in newspaper and place them where they cannot cause injury.

- Limbs & branches should be bundled and tied and may not exceed 5" in diameter, 5' in length or exceed 40 pounds.

Residents living in Village Community Development Districts 12-14 or Middleton:

Contact District Utilities Customer Service at 352-750-0000 for additional information.

For residents living in the town of Lady Lake portion of The Villages:

Contact Waste Management at 352-787-4416 with questions.

For residents living in the Lake County portion of The Villages (not including Districts 11 or 14):

Contact Lake County Solid Waste at 352-343-3776 with questions.

Total Amount of Solid Waste Processed by Covanta October 1, 2022 through September 30, 2023:

46,906.72 tons

Benefits of Waste to Energy Disposal of 48,625 tons:

- **Avoid 46,907 of CO₂ equivalent greenhouse gases**
- **Generate 25,798,696 kWh of renewable energy...
enough to power 28,226 homes for month**
 - **Reduce the need for 1,1727 tons of coal...or
1,970,082 gallons of fuel oil**
- **Recycle 2,345,336 pounds of metal for recycling
that otherwise would have been landfilled**

Calculations are based on national averages and assume waste composition is similar in composition to municipal solid waste (MSW)

Community Development Districts
District 6

Notice Of Vacancy
Village Community Development
District No. 6 Board Of Supervisors

The Village Community Development District No. 6 Board of Supervisors is seeking applicants who are interested in filling Seat 3, which was recently vacated due to the resignation of an existing Board Supervisor. The remainder of the existing four (4) year term for the vacated Seat will expire in November 2024.

Any interested applicants must be a qualified elector which is defined by Florida Statute 190 as "any person at least 18 years of age who is a citizen of the United States, a legal resident of Florida and of the district, and who registers to vote with the Supervisor of Elections in the county in which the district land is located". To obtain additional information or request an application, you may contact Jennifer Farlow, District Clerk at 352-751-3939 or obtain a copy of the application on the DistrictGov.org website or on the following page.

Applications must be submitted to the District Clerk no later than 5 PM on Tuesday, January 9, 2024 at the District Office, 984 Old Mill Run, The Villages.

The Board of Supervisors will interview applicants at their regularly scheduled Board Meeting to be held on Friday, January 19, 2024 at 9 AM in the **District Office Board Room, 984 Old Mill Run, The Villages, FL.**

Thanksgiving Safety

The kitchen is the heart of the home, especially at Thanksgiving. Kids love to be involved in holiday preparations. Safety in the kitchen is important, especially on Thanksgiving Day when there is a lot of activity and people at home.

- Stay in the kitchen when you are cooking on the stovetop so you can keep an eye on the food.
- Stay in the home when cooking your turkey and check on it frequently.
- Keep children away from the stove. The stove will be hot and kids should stay 3 feet away.
- Make sure kids stay away from hot food and liquids. The steam or splash from vegetables, gravy or coffee could cause serious burns.
- Keep the floor clear so you don't trip over kids, toys, pocketbooks or bags.
- Keep knives out of the reach of children.
- Be sure electric cords from an electric knife, coffee maker, plate warmer or mixer are not dangling off the counter within easy reach of a child.
- Keep matches and utility lighters out of the reach of children — up high in a locked cabinet.
- Never leave children alone in room with a lit candle.
- Make sure your smoke alarms are working. Test them by pushing the test button.

Did you know?

Thanksgiving is the leading day of the year for home fires involving cooking equipment.

Have activities that keep **kids out of the kitchen** during this busy time. Games, puzzles or books can keep them busy. Kids can get involved in Thanksgiving preparations with recipes that can be done **outside** the kitchen.

MOVING FLORIDA FORWARD

I-75 Improvements from South of S.R. 44 to S.R. 326 Marion and Sumter Counties

Financial Project Identification (FPID) Numbers.: 452074-1 & 452074-2

I-75 North

I-75 South

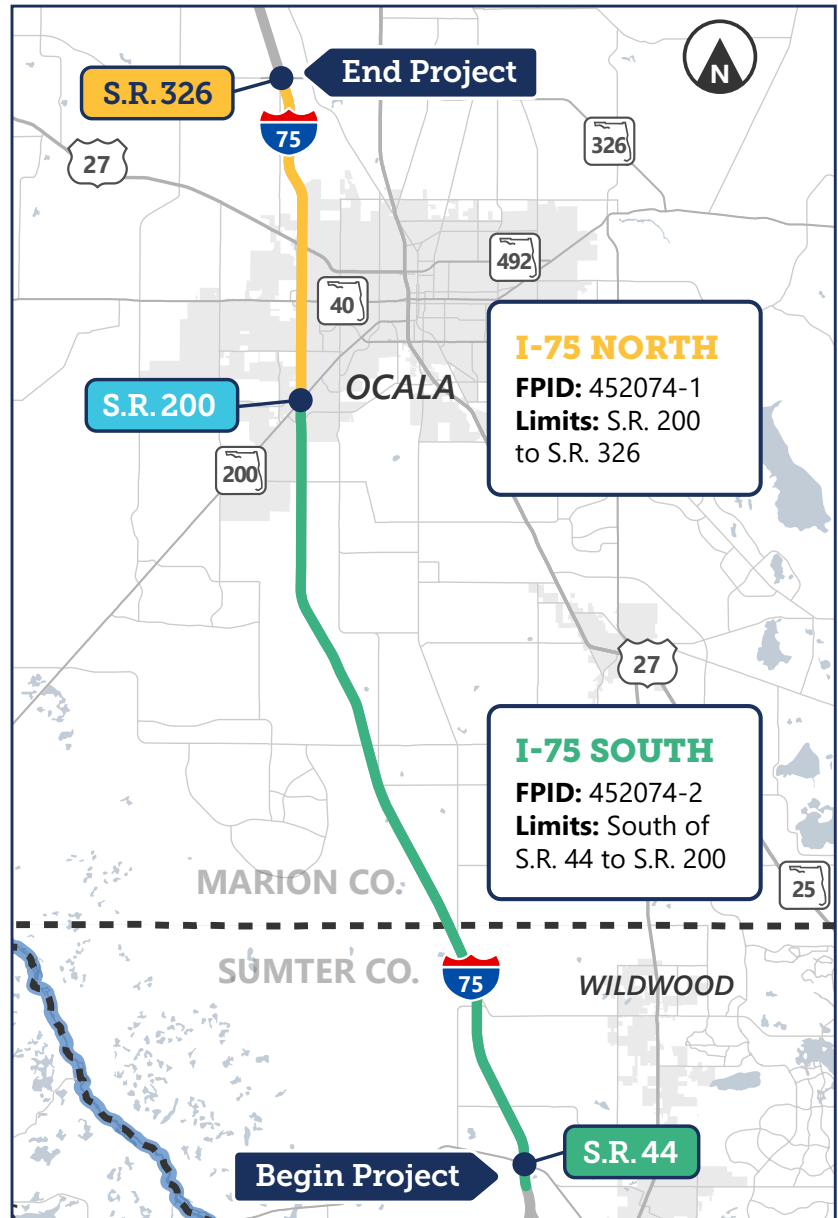

Project Description

The historic Moving Florida Forward Infrastructure Initiative (fdot.gov/movingfloridaforward) is allowing the Florida Department of Transportation (FDOT) to advance much-needed improvements to Interstate 75 (I-75) in Central Florida, with construction anticipated to begin in spring 2025.

The I-75 Improvements projects are located between State Road (S.R.) 44 in Sumter County and S.R. 326 in Marion County, covering approximately 30 miles. The improvements include the addition of an auxiliary lane in each direction and interchange improvements at S.R. 326 and S.R. 40.

An auxiliary lane is an extra lane connecting the on and off ramps between two consecutive interchanges that reduces congestion by giving drivers more space and time to merge safely.

The I-75 improvements are currently being evaluated under two separate Project Development and Environment (PD&E) studies. I-75 South begins south of S.R. 44 and ends at S.R. 200. I-75 North begins at S.R. 200 and ends at S.R. 326.

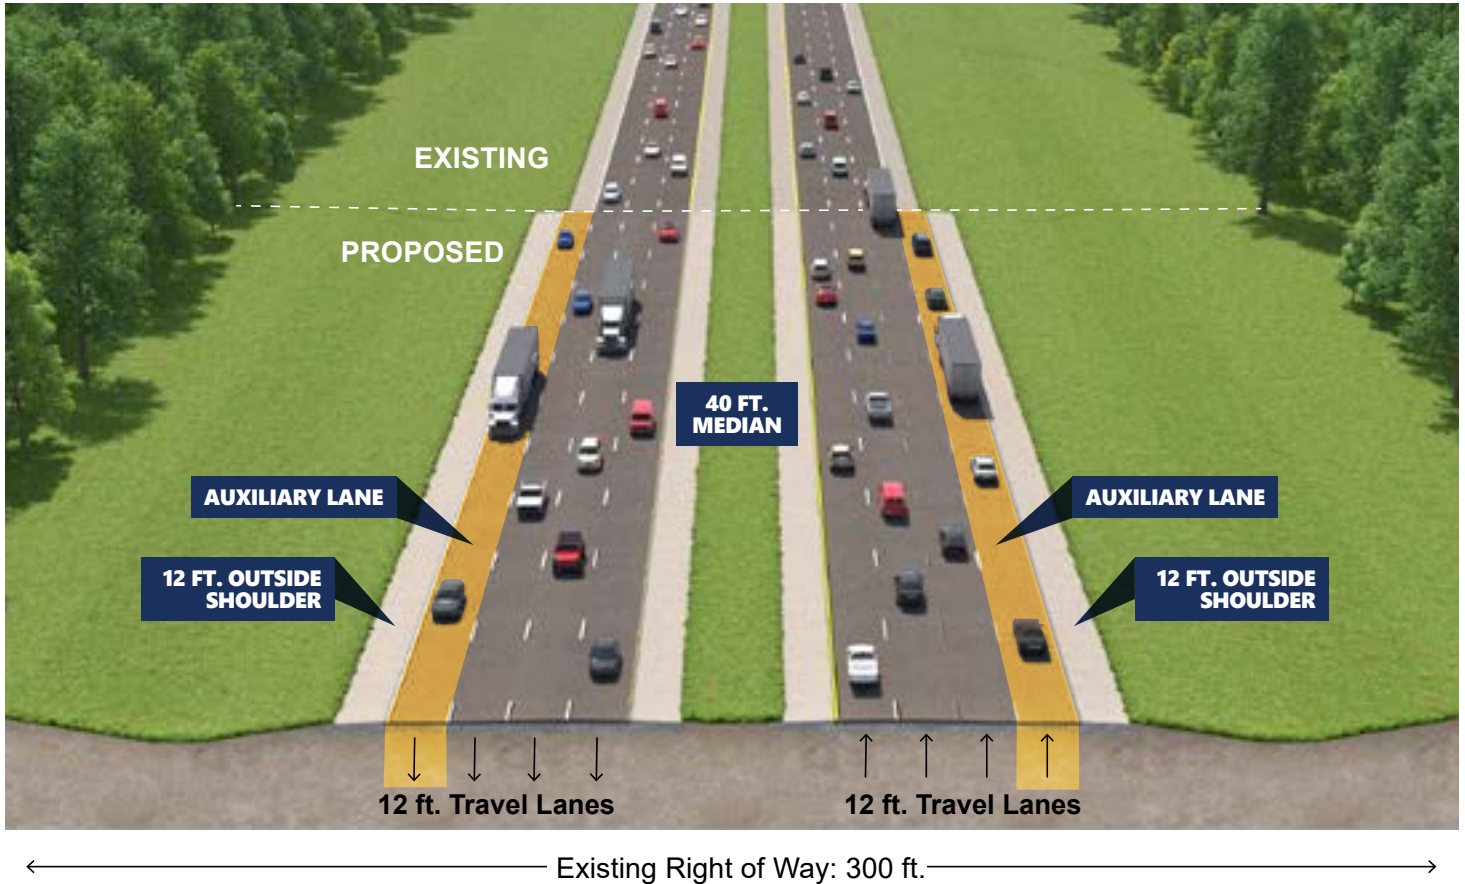

Project Status

Master Plan / PD&E Study:	Underway

Contact: Linda Piotrowicz
LPiotrowicz@wildwood-fl.gov
352-330-1330, ext. 110

Wildwood Completes Additional Stabilization of Scardino Street *Roadway Rehabilitation to Begin after Thanksgiving*

Additional stabilization of the public right-of-way on Scardino Street in The Villages® section of Wildwood has been completed following a series of supplemental concrete grout injections.

A series of initial injections were made in September after a ground depression was reported in August. A second depression was then reported north of the stabilized area.

Geotechnical engineers performed tests, analyzed results, and recommended another series of grout injections at 21 new sites, which were completed Nov. 10. City officials are awaiting the geotechnical report providing clearance of those repairs.

Work to begin rehabilitation of the roadway, including repair of utility infrastructure damaged during the collapse, is scheduled to begin Nov. 27, 2023, after Thanksgiving weekend. During that work, up to 12 homes on Scardino Street will need to be disconnected from sanitary sewer lines to allow for reconstruction. Affected residents will be temporarily relocated until service is restored.

City staff notified residents and met with them in person last week to discuss the arrangements with a local hospitality provider. Residents provided feedback and the city developed details of the temporary relocation based on that input.

“We have maintained two-way communication with residents throughout this process, and taken their concerns to heart,” said Public Works Director Jeremy Hockenbury. “We opted to start the next phase of repairs after Thanksgiving to allow residents to enjoy the holidays at home with their families. We now look forward to expediting the road and utility work to the greatest extent possible while making sure it also meets the highest safety, quality, and engineering standards.”

Access to the affected area of roadway remains restricted to residents and authorized personnel.

Maintenance Work & Other Closures

Lake Sumter Landing Seal And Stripe Work

Updated 11/14/2023

District Property Management is conducting seal and stripe work in several Lake Sumter Landing parking lots. [Click here](#) to view a map of the affected areas. This schedule may be adjusted due to unforeseen circumstances, including weather.

Lake Sumter Landing Parking Lot Seal and Stripe Schedule:

- Chiller Building, Phase #12: November 27-28, 2023
-

Road Closure

Updated 10/9/2023

District Property Management will be performing restoration for a stormwater pipe that will require a closure of the westbound golf cart lane on Bichara Boulevard northwest of the intersection of US 441 and Bichara Blvd near the Wendy's restaurant. Golf carts will be merged temporarily into automobile traffic before returning to the golf cart lane. The closure will begin Friday, October 6, 2023 and will continue indefinitely until stormwater restoration is completed as soon as possible. Please pay attention to the flow of traffic and use caution when approaching the lane merge. We appreciate your patience as we strive to provide the best service possible and ensure the District's assets are preserved for our community. If you have any questions, please call District Property Management at 352-753-4022.

Saddlebrook Multi-Modal Path Closure

Updated 11/20/2023

District Property Management will be performing asphalt repairs along the multi-modal path between the south side of Saddlebrook Recreation Center to the north side of Tunnel B10 (under 466A). The multi-modal path will be blocked off and a detour will be visibly marked - [click here to view a map of the detour route](#). The detour will run along the concrete pathway of the Saddlebrook Executive Golf Course. The work is tentatively scheduled below:

Start: Monday, November 27, 2023

End: Tuesday, November 28, 2023

This schedule may be adjusted due to unforeseen circumstances, including weather.

IRRIGATION SYSTEM FLUSHING: DISTRICTS 5-8

In April 2023, our Utilities Operations and Maintenance contractor (Jacobs) began flushing the Villages Water Conservation Authority (VWCA) irrigation system located in Districts 5-8. Flushing prevents the accumulation of small particles and build-up, which can lead to plugging issues in our irrigation system. Due to the size of the VWCA system, the area has been divided into 90 distinct flushing zones. Once started, this project will take approximately 50 weeks to work through all 90 zones.

As the flushing takes place, you will see the Jacobs team opening fire hydrants and flushing irrigation lines only into the roadway. Work hours will be from 8 am to 5 pm. Information will be updated regularly on the District's website on when you can expect to see the Jacobs team in action in your area. Please continue to check the Weekly Bulletin or the [What's Happening](#) page on [DistrictGov.org](#) for updates.

This maintenance work will not have any effects on your drinking water quality nor pressure. This is a proactive effort to maintain your irrigation system.

The safety of residents and contractor personnel is of the utmost importance. We are requesting everyone to abide by all barricades and warning signs and to avoid the active work area for anything other than access to your property.

Thank you for your cooperation and patience as we improve our irrigation system. If you have any questions or would like additional information, please contact District Utilities at 352-753-4022.

See below for the schedule and map. Please note that the schedule and zone are tentative based on operational conditions encountered.

[Click Here To View a Map of the Flushing Zones](#)

A tentative schedule of the areas impacted in the upcoming week:

Zone Flushed	Duration	Start	Finish
52	3 days	Thursday 11/23/23	Monday 11/27/23
57	3 days	Tuesday 11/28/23	Thursday 11/30/23
3	2 days	Friday 12/1/23	Monday 12/4/23
