Irrigation Flushing prevents the accumulation of small particles and build-up, which can lead to plugging issues in our irrigation system. This service continues in Districts 5-8, and you will see the Jacobs team opening fire hydrants and flushing irrigation lines only into the roadway. This maintenance work will not affect the quality or pressure of your drinking water. **Work hours will be from 8 am to 5 pm.**

The safety of residents and contractor personnel is of the utmost importance. We request that everyone abide by all barricades and warning signs and avoid the active work area for anything other than access to your property. Information will be updated regularly on the District website on when you can expect to see the Jacobs team in action in your area. If you have any questions or would like additional information, please get in touch with **District Utility Customer Service at 352-753-0000.**

A tentative schedule of impacted areas this week:

Irrigation schedules vary by lot number in The Villages, and each can be found online at TheVillagesWaterWisdom.com. The Water Wisdom website also provides details on Florida Florida-friendly landscaping, water conservation tips, how much water is enough, recommended irrigation zone run times, and much more!

The Village Center Community Development District **Lady Lake/Lake County** and in **Districts 1 – 4**, lawn watering depends on whether you have an odd or even numbered address and the time of year. For **Districts 5–14**, lawn watering depends on the lot number and time of year. Below are irrigation schedules in The Villages.

- Watering may only occur before 10 a.m. or after 4 p.m. on the scheduled days and times.
- Certain exemptions are available, such as allowances for new plant material.
- Fountains, car washing, and pressure washing are not restricted. However, it is important to be as efficient as possible, such as using a shut-off nozzle on the hose so water isn't wasted.
